

Date: 1/12/25

To,
The Director(s),
Integrated Regional Office,
Ministry of Environment, Forest and Climate Change,
Bay No. 24-25, Sector 31-A
Dakshin Marg, Chandigarh- 160030

Sub: Submission of half - yearly Compliance report showing the status of compliance of the stipulated conditions as specified in Environmental Clearance Letter for Affordable Group Housing Project located at Village Dhunela, Sector 36, Sohna, Haryana by M/s 4S Developers Private Limited

Ref: Environment Identification No. EC24C3801HR5785422N dated 18.07.2024

Respected Sir,

This is in reference to the Environmental Clearance Letter issued to our project, we are hereby submitting the status of compliance to the stipulated conditions as specified in the same, in the month of December, 2025 in soft copy.

Thanking you,
Yours Sincerely,
M/s 4S Developers Private Limited

For 4S Developers Pvt. Ltd.
(Authorized Signatory)

Encl. Soft copy of six monthly compliance report in the form of CD

Copy to:

- The Chairman, Haryana State Pollution Control Board, C-11, Sector-6, Panchkula- 134109, Haryana
- The Member Secretary, State Environmental Impact Assessment Authority, Bay No- 55-58, Parytan Bhawan, Sector-2, Panchkula- 134115, Haryana

**SIX MONTHLY COMPLIANCE REPORT FOR SUBMISSION ON
DECEMBER 2025**

**Affordable Group Housing Project
at
Village Dhunela, Sector 36, Sohna, Haryana.
M/s 4S DEVELOPERS PRIVATE LIMITED**

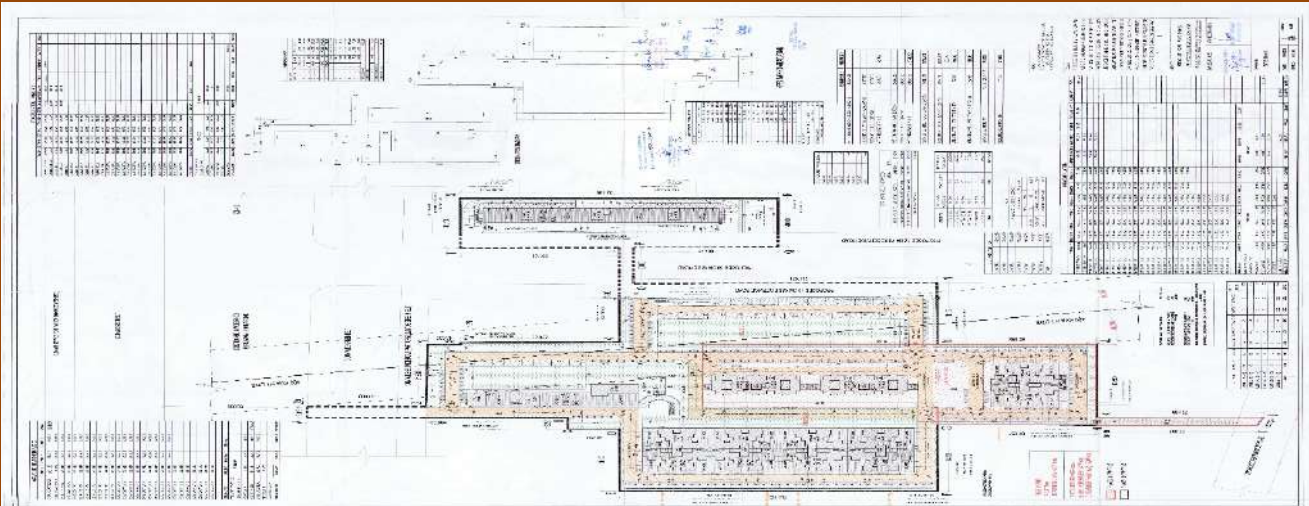

EC LETTER

Subject: **EC for Affordable Group Housing Project located at Village Dhunela, Sector 36, Sohna, Haryana by Sh. Ashutosh Verma S/o Baleshwar Verma, Mahesh Kumar S/o Hari Chnad and 4S Developers Pvt. Ltd. In collaboration with 4S Developers Pvt. Ltd. (as per the License issued by DTCP Endst No.LC-5009(A+B)-JE(SK)-2023/43934 dated 29.12.2023)**

Sir/Madam,

This has reference to your Proposal No. SIA/HR/INFRA2/460353/2024 dated 30.01.2024 subsequent letter dated 20.02.2024 and 02.07.2024 for obtaining Environmental Clearance under Category 8(a) of EIA Notification dated 14.09.2006 along with submission of due Scrutiny fee (as applicable) of 2,00,000/- vide DD No. 500158 dated 29.01.2024 (in compliance of Haryana Government, Environment & Climate Change, Department Notification No. DE&CCH/3060 dated 14.10.2021). The proposal has been appraised as per prescribed procedure in the light of provisions under the EIA Notification, 2006 on the basis of the mandatory documents enclosed with the application viz., Form-1, Form1-A, Conceptual Plan and additional clarifications furnished in response to the observations of the State Expert Appraisal Committee (SEAC) constituted by MoEF&CC, GoI vide their Notification dated 21.02.2022, in its 286th & 288th Meeting held on 07.02.2024 & 13.03.2024.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24C3801HR5785422N
(ii) File No.	SEAC/HR/2024/046
(iii) Clearance Type	EC
(iv) Category	B2
(v) Project/Activity Included Schedule No.	8(a) Building / Construction
(vii) Name of Project	Affordable Group Housing Colony Project by M/s 4S Developers Private Limited
(viii) Name of Company/Organization	4S DEVELOPERS PRIVATE LIMITED
(ix) Location of Project (District, State)	GURUGRAM, HARYANA
(x) Issuing Authority	SEIAA

(xii) Applicability of General Conditions	no
(xiii) Applicability of Specific Conditions	no

3. It is inter-alia, noted that the project involves in the Environmental Clearance for Affordable Group Housing Project located at Village Dhunela, Sector 36, Sohna, Haryana.

4. The basic details of project are as under:

Sr. No.	Particulars	
	Online Proposal no. SIA/HR/INFRA2/460353/2024	
1.	Latitude	28°17'35.3"N
2.	Longitude	77°03'56.1"E
3.	Plot Area	39189.695 m ²
4.	Proposed Ground Coverage	8243.897 m ²
5.	Proposed FAR	84550.367 m ²
6.	Non FAR Area	22,134.627 m ²
7.	Creche	397.004 m ²
8.	Total Built Up area	1,07,081.998 m ²
9.	Total Green Area with Percentage	8112.247 m ² (@20.7 % of the plot area)
10.	Rain Water Harvesting Pits	10 no
11.	STP Capacity	720 KLD
12.	Total Parking	1,013 ECS
13.	Maximum Height of Building	85 M
14.	Power Requirement	5,031 kW
15.	No. of DG set	3 DG sets of total capacity 500 kVA each
16.	Total Water Requirement	701 KLD
17.	Fresh Water Requirement	494 KLD
18.	Domestic Water Requirement	676 KLD
19.	Treated water	520 KLD
20.	Waste Water Generated	578 KLD
21.	Solid Waste Generated	4,140 kg/day
22.	Organic waster converter	1 No.
23.	Total Population	9,625 persons
24.	Stories	25
25.	Basement	1
26.	No. of towers	5 residential tower 2 commercial tower
27.	Dwelling unit	1343
28.	R+U Value of Material used (Glass)	Component U Value R Value Roof < 0.409R-2.1 External wall < 0.352R-2.35
29.	Total Cost of the project:	392.8 Crores
30.	EMP Budget	i) Capital Cost 392.5 Lakhs

		ii) Recurring Cost	80 Lakhs
31.	Incremental Load in respect of:	i) PM2.5	0.33 g/m ³
		ii) PM10	0.52 g/m ³
		iii) SO ₂	0.58 g/m ³
		iv) NO ₂	0.26 g/m ³
		v) CO	0.07 g/m ³
32.	Status of Construction		NA, as this is a fresh project
33.	Construction Phase:	i) Power Back-up	100 kW
		ii) Water Requirement & Source	50 KLD & STP treated water through Private water tankers
		iii) STP (Modular)	1
		iv) Anti-Smoke Gun	2

Table 2 – EMP Detail

COMPONENT	CAPITAL COST (INR LAKH)	RECURRING COST (INR LAKH/YR)
Sewage Treatment Plant	90.0	30
Rain Water Harvesting System	25.0	24
Solid Waste Management	25.0	4
Environmental Monitoring	15.0	12
Green Area/ Landscape Area	20.0	3
Others (Energy saving devices, miscellaneous)	100.0	7

Component	Capital cost (inr lakh)	Recurring cost (inr lakh/yr)
Providing laptops to students of following schools:		
1. Government primary school Hariyaheda.		
2. Girls Govt School Alipur.		
3. Government Primary School Raiseena Prakashpuri.	20.0	
4. Government Primary School, Ram Nagar.		
5. Govt. Girls Senior Secondary School Sohna.		
Providing Water Coolers, Computers, Printers etc in following school.		
1. Government PrimaryJ School Hariyaheda.		
2. Girls Govt School Alipur.	20.0	
3. Government Primary School Raiseena Prakashpuri.		
4. Government Primary School, Ram Nagar.		
5. Govt. Girls Senior Secondary School Sohna.		
Providing public toilets, and dustbins in the surrounding area of Hariyaheda village	20.0	
Setting up solar lighting facilities in following villages:		
1. Village Hariyaheda.	20.0	
2. Village Kherla.		
3. Village Abhepur.		
Plantation in nearby Hariyaheda village	27.5	
Fund allocated for Wild Life Conservation	10	
Plantation of tress	3.0	
Digging of Ponds	3.0	
Construction of feeding Platforms and enclosure	2.0	

Awareness Generation	1.0	
Putting artificial nests on tress	1.0	
	392.5	80

5. In view of the recommendations made by State Expert Appraisal Committee (SEAC) in the said case and further consideration of the documents/details submitted by the Project Proponent; the Authority after discussions decided during 177th Meeting held on 02.07.2024 to “GRANT ENVIRONMENT CLEARANCE” to Sh. Ashutosh Verma S/o Baleshwar Verma, Mahesh Kumar S/o Hari Chnad and 4S Developers Pvt. Ltd. In collaboration with 4S Developers Pvt. Ltd. (as per the License issued by DTCP Endst No.LC-5009(A+B)-JE(SK)-2023/43934 dated 29.12.2023) under Category 8(a) of EIA Notification dated 14.09.2006 issued by the Ministry of Environment and Forest, Government of India,

Copy To

2. Chairman, State Environment Impact Assessment Authority, Bay No. 55-58, Prayatan Bhawan, Sector-2, Panchkula, Haryana
3. Chairman, Haryana State Pollution Control Board, C-11, Sector-6, Panchkula.
4. Director, Environment & Climate Change Department, Haryana, SCO 1-3, Sector-17 D, Chandigarh-160017
5. Director General, Town & Country Planning Haryana, Plot No. 3, Sector - 18A, Madhya Marg, Chandigarh- 160018.
6. Regional Office, Ministry of Environment, Forests & Climate Change, Govt. of India, Bay’s No. 24-25, Sector 31-A, Dakshin Marg, Chandigarh-160018.

Annexure 1

Standard EC Conditions for (Building / Construction)

1. Statutory Compliance

S. No	EC Conditions
1.1	The project proponent shall obtain all necessary clearance/ permission from all relevant agencies including town planning authority before commencement of work. All the construction shall be done in accordance with the local building byelaws.
1.2	The approval of the Competent Authority shall be obtained for structural safety of buildings due to earthquakes, adequacy of firefighting equipment etc. as per National Building Code including protection measures from lightening etc.
1.3	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1980, in case of the diversion of forest land for non-forest purpose involved in the project.
1.4	The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
1.5	The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.

S. No	EC Conditions
1.6	The project proponent shall obtain the necessary permission for drawl of ground water / surface water required for the project from the competent authority.
1.7	A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.
1.8	All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department shall be obtained, as applicable, by project proponents from the respective competent authorities.
1.9	The provisions of the Solid Waste Management Rules, 2016, e-Waste (Management) Rules, 2016, and the Plastics Waste Management Rules, 2016, shall be followed.
1.10	The project proponent shall follow the ECBC/ECBC-R prescribed by Bureau of Energy Efficiency, Ministry of Power strictly.

2. Air Quality Monitoring And Preservation

S. No	EC Conditions
2.1	Notification GSR 94(E) dated 25.01.2018 of MoEF&CC regarding Mandatory Implementation of Dust Mitigation Measures for Construction and Demolition Activities for projects requiring Environmental Clearance shall be complied with.
2.2	A management plan shall be drawn up and implemented to contain the current exceedance in ambient air quality at the site.
2.3	The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM10 and PM2.5) covering upwind and downwind directions during the construction period.
2.4	Diesel power generating sets proposed as source of backup power should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use of low sulphur diesel. The location of the DG sets may be decided with in consultation with State Pollution Control Board.
2.5	Construction site shall be adequately barricaded before the construction begins. Dust, smoke & other air pollution prevention measures shall be provided for the building as well as the site. These measures shall include screens for the building under construction, continuous dust/ wind breaking walls all around the site (at least 3-meter height). Plastic/tarpaulin sheet covers shall be provided for vehicles bringing in sand, cement, murrum and other construction materials prone to causing dust pollution at the site as well as taking out debris from the site.
2.6	Sand, murrum, loose soil, cement, stored on site shall be covered adequately so as to prevent dust pollution.
2.7	Wet jet shall be provided for grinding and stone cutting.

S. No	EC Conditions
2.8	Unpaved surfaces and loose soil shall be adequately sprinkled with water to suppress dust.
2.9	All construction and demolition debris shall be stored at the site (and not dumped on the roads or open spaces outside) before they are properly disposed. All demolition and construction waste shall be managed as per the provisions of the Construction and Demolition Waste Management Rules 2016.
2.10	The diesel generator sets to be used during construction phase shall be low sulphur diesel type and shall conform to Environmental (Protection) prescribed for air and noise emission standards.
2.11	The gaseous emissions from DG set shall be dispersed through adequate stack height as per CPCB standards. Acoustic enclosure shall be provided to the DG sets to mitigate the noise pollution. Low sulphur diesel shall be used. The location of the DG set and exhaust pipe height shall be as per the provisions of the Central Pollution Control Board (CPCB) norms.
2.12	For indoor air quality the ventilation provisions as per National Building Code of India.

3. Water Quality Monitoring And Preservation

S. No	EC Conditions
3.1	The natural drain system should be maintained for ensuring unrestricted flow of water. No construction shall be allowed to obstruct the natural drainage through the site, on wetland and water bodies. Check dams, bio-swales, landscape, and other sustainable urban drainage systems (SUDS) are allowed for maintaining the drainage pattern and to harvest rain water.
3.2	Buildings shall be designed to follow the natural topography as much as possible. Minimum cutting and filling should be done.
3.3	Total fresh water use shall not exceed the proposed requirement as provided in the project details.
3.4	The quantity of fresh water usage, water recycling and rainwater harvesting shall be measured and recorded to monitor the water balance as projected by the project proponent. The record shall be submitted to the Regional Office, MoEF&CC along with six monthly Monitoring reports.
3.5	A certificate shall be obtained from the local body supplying water, specifying the total annual water availability with the local authority, the quantity of water already committed, the quantity of water allotted to the project under consideration and the balance water available. This should be specified separately for ground water and surface water sources, ensuring that there is no impact on other users.
3.6	At least 20% of the open spaces as required by the local building bye-laws shall be pervious. Use of Grass pavers, paver blocks with at least 50% opening, landscape etc. would be considered as pervious surface.
3.7	Installation of dual pipe plumbing for supplying fresh water for drinking, cooking and bathing etc and other for supply of recycled water for flushing, landscape irrigation, car washing, thermal cooling, conditioning etc. shall be done.

S. No	EC Conditions
3.8	Use of water saving devices/fixtures (viz. low flow flushing systems; use of low flow faucets tap aerators etc) for water conservation shall be incorporated in the building plan.
3.9	Separation of grey and black water should be done by the use of dual plumbing system. In case of single stack system separate recirculation lines for flushing by giving dual plumbing system be done.
3.10	Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices referred.
3.11	The local bye-law provisions on rain water harvesting should be followed. If local bye-law provision is not available, adequate provision for storage and recharge should be followed as per the Ministry of Urban Development Model Building Byelaws, 2016. Rain water harvesting recharge pits/storage tanks shall be provided for ground water recharging as per the CGWB norms.
3.12	A rain water harvesting plan needs to be designed where the recharge bores of minimum one recharge bore per 5,000 square meters of built up area and storage capacity of minimum one day of total fresh water requirement shall be provided. In areas where ground water recharge is not feasible, the rain water should be harvested and stored for reuse. The ground water shall not be withdrawn without approval from the Competent Authority.
3.13	All recharge should be limited to shallow aquifer.
3.14	No ground water shall be used during construction phase of the project.
3.15	Any ground water dewatering should be properly managed and shall conform to the approvals and the guidelines of the CGWA in the matter. Formal approval shall be taken from the CGWA for any ground water abstraction or dewatering.
3.16	The quantity of fresh water usage, water recycling and rainwater harvesting shall be measured and recorded to monitor the water balance as projected by the project proponent. The record shall be submitted to the Regional Office, MoEF&CC along with six monthly Monitoring reports.
3.17	Sewage shall be treated in the STP with tertiary treatment. The treated effluent from STP shall be recycled/re-used for flushing, AC make up water and gardening. As proposed, no treated water shall be disposed in to municipal drain.
3.18	No sewage or untreated effluent water would be discharged through storm water drains.
3.19	Onsite sewage treatment of capacity of treating 100% waste water to be installed. The installation of the Sewage Treatment Plant (STP) shall be certified by an independent expert and a report in this regard shall be submitted to the Ministry before the project is commissioned for operation. Treated waste water shall be reused on site for landscape, flushing, cooling tower, and other end-uses. Excess treated water shall be discharged as per statutory norms notified by Ministry of Environment, Forest and Climate Change. Natural treatment systems shall be promoted.
3.20	Periodical monitoring of water quality of treated sewage shall be conducted. Necessary measures should be made to mitigate the odour problem from STP.
3.21	Sludge from the onsite sewage treatment, including septic tanks, shall be collected, conveyed and

S. No	EC Conditions
	disposed as per the Ministry of Urban Development, Central Public Health and Environmental Engineering Organization (CPHEEO) Manual on Sewerage and Sewage Treatment Systems, 2013.

4. Noise Monitoring And Prevention

S. No	EC Conditions
4.1	Ambient noise levels shall conform to residential area/commercial area/industrial area/silence zone both during day and night as per Noise Pollution (Control and Regulation) Rules, 2000. Incremental pollution loads on the ambient air and noise quality shall be closely monitored during construction phase. Adequate measures shall be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB / SPCB.
4.2	Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
4.3	Acoustic enclosures for DG sets, noise barriers for ground-run bays, ear plugs for operating personnel shall be implemented as mitigation measures for noise impact due to ground sources.

5. Energy Conservation Measures

S. No	EC Conditions
5.1	Compliance with the Energy Conservation Building Code (ECBC) of Bureau of Energy Efficiency shall be ensured. Buildings in the States which have notified their own ECBC, shall comply with the State ECBC.
5.2	Outdoor and common area lighting shall be LED.
5.3	Concept of passive solar design that minimize energy consumption in buildings by using design elements, such as building orientation, landscaping, efficient building envelope, appropriate fenestration, increased day lighting design and thermal mass etc. shall be incorporated in the building design. Wall, window, and roof u-values shall be as per ECBC specifications.
5.4	Energy conservation measures like installation of CFLs/ LED for the lighting the area outside the building should be integral part of the project design and should be in place before project commissioning.
5.5	Solar, wind or other Renewable Energy shall be installed to meet electricity generation equivalent to 1% of the demand load or as per the state level/ local building bye-laws requirement, whichever is higher.
5.6	Solar power shall be used for lighting in the apartment to reduce the power load on grid. Separate electric meter shall be installed for solar power. Solar water heating shall be provided to meet 20% of the hot water demand of the commercial and institutional building or as per the requirement of the local building bye-laws, whichever is higher. Residential buildings are also recommended to meet its hot water demand from solar water heaters, as far as possible.

S. No	EC Conditions
5.7	The PP will submit report indicating compliance of each parameter of ECBC requirement and submit quantification saving report for each component.

6. Waste Management

S. No	EC Conditions
6.1	A certificate from the competent authority handling municipal solid wastes, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project shall be obtained.
6.2	Disposal of muck during construction phase shall not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority.
6.3	Separate wet and dry bins must be provided in each unit and at the ground level for facilitating segregation of waste. Solid waste shall be segregated into wet garbage and inert materials.
6.4	Organic waste compost/Vermiculture pit/Organic Waste Converter within the premises with a minimum capacity of 0.3 kg /person/day must be installed.
6.5	All non-biodegradable waste shall be handed over to authorized recyclers for which a written tie up must be done with the authorized recyclers.
6.6	Any hazardous waste generated during construction phase, shall be disposed off as per applicable rules and norms with necessary approvals of the State Pollution Control Board.
6.7	Use of environment friendly materials in bricks, blocks and other construction materials, shall be required for at least 20% of the construction material quantity. These include Fly Ash bricks, hollow bricks, AACs, Fly Ash Lime Gypsum blocks, Compressed earth blocks, and other environment friendly materials.
6.8	Fly ash should be used as building material in the construction as per the provision of Fly Ash Notification of September, 1999 and amended as on 27th August, 2003 and 25th January, 2016. Ready mixed concrete must be used in building construction.
6.9	Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Waste Management Rules, 2016.
6.10	Used CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/ rules of the regulatory authority to avoid mercury contamination.

7. Green Cover

S. No	EC Conditions
7.1	No tree can be felled/transplant unless exigencies demand. Where absolutely necessary, tree felling shall be with prior permission from the concerned regulatory authority. Old trees should be retained

S. No	EC Conditions
	based on girth and age regulations as may be prescribed by the Forest Department. Plantations to be ensured species (cut) to species (planted).
7.2	A minimum of 1 tree for every 80 sqm of land should be planted and maintained. The existing trees will be counted for this purpose. The landscape planning should include plantation of native species. The species with heavy foliage, broad leaves and wide canopy cover are desirable. Water intensive and/or invasive species should not be used for landscaping.
7.3	Where the trees need to be cut with prior permission from the concerned local Authority, compensatory plantation in the ratio of 1:10 (i.e. planting of 10 trees for every 1 tree that is cut) shall be done and maintained. Plantations to be ensured species (cut) to species (planted). Area for green belt development shall be provided as per the details provided in the project document.
7.4	Topsoil should be stripped to a depth of 20 cm from the areas proposed for buildings, roads, paved areas, and external services. It should be stockpiled appropriately in designated areas and reapplied during plantation of the proposed vegetation on site.
7.5	The PP shall ensure that the area marked for greenery and trees will not be rendered impervious by any means like soil, compaction or cement concrete or brick or tiles or rubber or plastic cover or any other impervious material in any manner and the area must be maintained pervious for water infiltration/percolation and air flow in the soil. It must be straight on earth and not on any roof or slab of any tile.

8. Transport

S. No	EC Conditions
8.1	<p>A comprehensive mobility plan, as per MoUD best practices guidelines (URDPFI), shall be prepared to include motorized, non-motorized, public, and private networks. Road should be designed with due consideration for environment, and safety of users. The road system can be designed with these basic criteria.</p> <ol style="list-style-type: none"> Hierarchy of roads with proper segregation of vehicular and pedestrian traffic. Traffic calming measures. Proper design of entry and exit points. Parking norms as per local regulation.
8.2	Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards be operated only during non-peak hours.
8.3	A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 05 Kms radius of the site in different scenarios of space and time and the traffic management plan shall be duly validated and certified by the State Urban Development department and the P.W.D./competent authority for road augmentation and shall also have their consent to the implementation of components of the plan which involve the participation of these departments

9.

S. No	EC Conditions
9.1	<p>Corporate Environment Responsibility The project proponent shall comply with the provisions of CER, as applicable</p>
9.2	<p>The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/ deviation/ violation of the environmental/ forest/ wildlife norms/conditions. The company shall have defined system of reporting infringements/deviation/ violation of the environmental/ forest/ wildlife norms/ conditions and/ or share holders/ stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.</p>
9.3	<p>A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.</p>
9.4	<p>Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.</p>

10. Human Health Issues

S. No	EC Conditions
10.1	<p>All workers working at the construction site and involved in loading, unloading, carriage of construction material and construction debris or working in any area with dust pollution shall be provided with dust mask.</p>
10.2	<p>For indoor air quality the ventilation provisions as per National Building Code of India.</p>
10.3	<p>Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.</p>
10.4	<p>Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.</p>
10.5	<p>Occupational health surveillance of the workers shall be done on a regular basis.</p>
10.6	<p>A First Aid Room shall be provided in the project both during construction and operations of the project.</p>

11. Miscellaneous

S. No	EC Conditions
11.1	The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of MoEFCC/SEIAA website where it is displayed.
11.2	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30days from the date of receipt
11.3	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
11.4	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
11.5	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
11.6	The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
11.7	The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
11.8	The project proponent shall abide by all the commitments and recommendations made in the form-IA, Conceptual Plan and also that during their presentation to the Expert Appraisal Committee.
11.9	No further expansion or modifications in the plan shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC)/SEIAA, Haryana. The project proponent shall seek fresh environmental clearance under EIA notification 2006 if at any stage there is change of area of this project.
11.10	Any change in planning of the approved plan will leads to Environment Clearance void-ab-initio and PP will have to seek fresh Environment Clearance
11.11	The PP should give unambiguous affidavit giving land promoters in accordance with your ownership and possession of land legal the case referred for Environment Clearance to SEIAA.
11.12	Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
11.13	The Ministry/SEIAA may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.

S. No	EC Conditions
11.14	The Ministry / SEIAA reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
11.15	The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
11.16	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
11.17	Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
11.18	The validity of this environment clearance letter is valid up to 10 years from the date of issuance of EC letter in accordance with the MoEF& CC, GoI Notification No. S.O.1807 (E), dated the 12th April, 2022. The environment clearance conditions applicable till life space project will continue to apply. In case of violation the action will be taken as per the laid down law of land. Compliance report shall be sent to this office till life of the project.
11.19	If project is not completed within the validity period then the project proponent shall submit the application for extension of validity within one month before the lapse of validity period of Environment Clearance

12. Specific Conditions

S. No	EC Conditions
12.1	The project is recommended on concept basis as such in case of any change in planning, the PP will obtain fresh EC.
12.2	Sewage shall be treated in the STP based on latest Technology with tertiary treatment i.e. Ultra Filtration to achieve standards ordered by NGT. The Treated effluent from STP shall be recycled /reused for flushing. DG cooling and Gardening. The dimension of each component of STP should be properly designed as per Norms.
12.3	The Project Proponent would devise a monitoring plan to the satisfaction of the State Pollution Control Board so as to continuously monitor the treated waste water being used for flushing in terms of faecal coli forms and other pathogenic bacteria.
12.4	The PP shall ensure that total EMP Budget shall be spent on project during construction as well as during operational phase as per table given above. The EMP cost on Socio Economic activities shall be used before the commencement of the project & EMP recurring inside the project shall be implemented throughout the operation of the project. The PP shall establish Environment monitoring cell as per documents submitted.

S. No	EC Conditions
12.5	The project proponent shall upload the status of compliance of the basic details (given in above tables), stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
12.6	The Project Proponents would commission a third party study on the implementation of conditions related to quality and quantity of recycle and reuse of treated water, efficiency of treatment systems, quality of treated water being supplied for flushing (specially the bacterial counts), comparative bacteriological studies from toilet seats using recycled treated waters and fresh waters for flushing, and quality of water being supplied through spray faucets attached to toilet seats.
12.7	Separate wet and dry bins must be provided in each unit and at ground level for facilitating segregation of waste. Solid Waste shall be segregated into wet garbage and inert materials. Wet Garbage shall be composted in Organic waste convertor. Adequate area shall be provided for solid waste management within the premises which will include area for segregation, composting. The Inert waste from the project will be sent to dumping site.
12.8	Traffic management plan as submitted shall be implemented in letter and spirit. Apart, a detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is marinated and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or purpose to be carried out by the project or other agencies in this 05kms radius of the site in different scenarios of space and time
12.9	The Project Proponent shall obtain all necessary clearance/permission from all relevant agencies including town planning authority before commencement of work. All the construction shall be done in accordance with the local building byelaws.
12.10	Consent to establish/operate for the expansion project shall be obtained from the State Pollution Control Board as required under the Air (Prevention and Control of pollution) Act, 1981 and the Water (Prevention and control of pollution) Act, 1974.
12.11	The Approval of the Competent Authority shall be obtained for structural safety of building code due to earthquakes, adequacy of fire fighting equipments etc. as per National Building Code including protection measures from lightening etc.
12.12	The PP shall not carry any construction above or below the Revenue Rasta, if any
12.13	The PP shall keep the ROW below the HT Line passing through the project, if any.
12.14	The PP shall obtain the Fire NOC from the Competent Authority before taking occupation of the building
12.15	The PP shall install the Eco Friendly Green Transformer based on ester oil to reduce the carbon footprint. The PP shall shift to gas based generator set when the gas is available. The PP shall install APCM for the DG set. The PP shall reduce the SO2 load by 30% if HSD is used. The DG sets will be operated for maximum 04 hours during power failure through Executing Agency
12.16	The PP shall not give occupation or possession before the water supply, electricity and sewage connection permitted by the competent authority.

S. No	EC Conditions
12.17	The PP shall carry out the quarterly awareness programs for the stakeholders of the commercial colony/project.
12.18	The PP shall install Digital water level recorder for monitoring the water recharge and carry out quarterly maintenance and cleaning of RWH pits.
12.19	The PP shall take all preventive measures including water sprinkles to control dust during construction and operational phase.
12.20	The PP may provide electric charging stations to facilitate electric vehicle commuters.
12.21	Any change in stipulations of EC will lead to Environment Clearance void-ab-initio and PP will have to seek fresh Environment Clearance.
12.22	The PP is required to plant 10 times trees at the project site and compensatory tree plantation will be done @1:10. No tree cutting has been proposed in the instant project. A minimum of 1 tree for every 80sqm of land should be planted and maintained. The Existing trees will be counted for this purpose. The landscape planning should include plantation of native species. The species with heavy foliage, broad leaves and wide canopy cover are desirable. Water intensive and/or invasive species should not be used for landscaping. As proposed 8112.247 m ² (@20.7 % of the plot area) shall be provided for green area development.
12.23	10 Rain water harvesting recharge pits shall be provided for ground water recharging as per the CGWB norms.
12.24	The PP shall install required number of Anti Smog Guns at the project site as per the requirement of HSPCB.
12.25	The PP shall provide 50 KW power through Solar power
12.26	The PP shall register themselves on the http://dustapphspcb.com portal as per the Direction No.14 dated 11.06.2021 issued regarding dust mitigation by Commission for Air Quality Management in National Capital Region and Adjoining Areas.
12.27	Project proponent shall install DG sets for the project as per latest Guidelines of GRAP, NCAP & CPCB.
12.28	The Project proponent will also undertake mitigation measures during the construction period to control dust pollution.

POST ENVIRONMENTAL COMPLIANCE STATUS

Name of the project: Affordable Group Housing Project located at Village Dhunela, Sector 36, Sohna, Haryana

EC Identification no.: EC24C3801HR5785422N **dated** 18.07.2024

Current status of the project: Under Construction

Compliance of conditions as mentioned in the EC letter

	EC Conditions	Status of Compliance
Statutory compliance:		
1.	The project proponent shall obtain all necessary clearance/ permission from all relevant agencies including town planning authority before commencement of work. All the construction shall be done in accordance with the local building byelaws.	Noted. All necessary clearances have been obtained. <ul style="list-style-type: none"> • CTE NOC attached as Annexure I. • Forest NOC is attached as Annexure II. • Firefighting scheme approval is attached as Annexure III. • Building plan approval attached as Annexure IV. • Approved site plan is attached as Annexure V. • Zoning plan is attached as Annexure VI. • Aravali NOC is attached as Annexure VII. • AAI NOC is attached as Annexure VIII.
2.	The approval of the Competent Authority shall be obtained for structural safety of buildings due to earthquakes, adequacy of firefighting equipment etc. as per National Building Code including protection measures from lightening etc.	Noted. The Structural Stability Certificate has been obtained and is enclosed as Annexure IX. The approved Firefighting Scheme is attached as Annexure III. Adequate firefighting equipment has been installed at the site in accordance with NBC norms. Site photographs evidencing the same are attached as Annexure X.
3.	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1980, in case of the diversion of forest land for non-forest purpose involved in the project.	Noted. The project land does not fall under any reserved or protected forest. The requisite NOC from the competent authority has been obtained and is enclosed as Annexure II.
4.	The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.	Noted. There is no eco-sensitive zone that lies within a 10km radius of the project site. Hence, obtaining clearance from NBWL is not applicable.
5.	The project proponent shall obtain Consent to Establish / Operate under the	Noted. Prior Consent to Establish (CTE) was obtained for the project before commencement

Environment Consultant	Aplinka Solutions & Technologies Pvt. Ltd, Noida Uttar Pradesh	1

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.	of construction, and a copy is enclosed as Annexure I . Consent to Operate (CTO) shall be obtained prior to the commencement of operations.
6.	The project proponent shall obtain the necessary permission for drawl of ground water / surface water required for the project from the competent authority.	Noted. No groundwater extraction is proposed for the project. Hence obtaining permission is not required from the competent authority.
7.	A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.	Noted. Power assurance has been obtained from DHBVN and attached as Annexure XI .
8.	All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department shall be obtained, as applicable, by project proponents from the respective competent authorities.	Noted. Statutory clearances have been obtained as per applicability. <ul style="list-style-type: none"> • Permission from Chief Controller of Explosives is not required as diesel storage at the project site does not exceed the threshold limits stipulated under applicable regulations. • AAI NOC has been obtained from aviation department and is attached as Annexure VIII. • Firefighting scheme approval is attached as Annexure III.
9.	The provisions of the Solid Waste Management Rules, 2016, e-Waste (Management) Rules, 2016, and the Plastics Waste Management Rules, 2016, shall be followed.	Noted. Project is in the construction phase. There is no e-waste and plastic waste generated from the project site. Solid waste generation is also negligible. The same is managed as per norms.
10.	The project proponent shall follow the ECBC/ECBC-R prescribed by Bureau of Energy Efficiency, Ministry of Power strictly.	Noted. Project is being developed as per ECBC guidelines. IGBC Certificate is attached as Annexure XII .

Air quality monitoring and preservation:

1.	Notification GSR 94(E) dated 25.01.2018 of MoEF&CC regarding Mandatory Implementation of Dust Mitigation Measures for Construction and Demolition Activities for projects requiring Environmental Clearance shall be complied with.	Noted. Dust mitigation measures are being followed at the project site and have been mentioned below: <ul style="list-style-type: none"> • Wind breaking walls has been provided along the periphery of the site. • Antismog guns (ASGs) are installed at the project site.
----	---	---

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

		<ul style="list-style-type: none"> • Construction materials are being kept covered using green nets/tarpaulin sheets. • Vehicles with valid PUC certificate are allowed to enter inside the project premises. • Wheel washing is carried out at the project site. • PM sensor is installed at the project site. <p>Site photographs have been attached as Annexure X.</p>
2.	A management plan shall be drawn up and implemented to contain the current exceedance in ambient air quality at the site.	Noted. The Air Quality Management Plan is attached as Annexure XIII . Adequate measures have been implemented at the project site to maintain ambient air quality. All ambient air quality parameters are within the prescribed standards. The Environmental Monitoring Report is attached as Annexure XIV .
3.	The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM10 and PM2.5) covering upwind and downwind directions during the construction period.	Noted. PM sensor has been installed at the project site to monitor common/criterion parameters, including PM ₁₀ and PM _{2.5} , during the construction period. Site photographs are attached as Annexure X . Monitoring is being carried out regularly, and results are within the prescribed standards. Environmental Monitoring Reports are attached as Annexure XIV .
4.	Diesel power generating sets proposed as source of backup power should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use of low sulphur diesel. The location of the DG sets may be decided with in consultation with State Pollution Control Board.	Noted. This condition will be complied with during the operational phase. Acoustically enclosed DG sets with adequate stack height shall be installed at the project site as per CPCB norms and will be used only during power failures. At present, the project is in the construction phase, and a temporary electricity connection has been obtained from DHBVN. Power assurance is attached as Annexure XI .
5.	Construction site shall be adequately barricaded before the construction begins. Dust, smoke & other air pollution prevention measures shall be provided for the building as well as the site. These measures shall include screens for the building under construction, continuous dust/ wind breaking walls all around the site (at least 3-meter height).	<p>Noted. Dust mitigation measures are being followed at the project site and have been mentioned below:</p> <ul style="list-style-type: none"> • Wind breaking walls has been provided along the periphery of the site. • Antismog guns (ASGs) are installed at the project site. • Construction materials are being kept covered using green nets/tarpaulin sheets.

Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	Plastic/tarpaulin sheet covers shall be provided for vehicles bringing in sand, cement, murrum and other construction materials prone to causing dust pollution at the site as well as taking out debris from the site.	<ul style="list-style-type: none"> • Vehicles with valid PUC certificate are allowed to enter inside the project premises. • Wheel washing is carried out at the project site. • PM sensor is installed at the project site. Site photographs have been attached as Annexure X .
6.	Sand, murrum, loose soil, cement, stored on site shall be covered adequately so as to prevent dust pollution.	Noted. Covered construction material are stored using green nets/tarpaulin sheets to prevent dust dispersion. Site photographs have been attached as Annexure X .
7.	Wet jet shall be provided for grinding and stone cutting.	Noted. Currently no stone or brick cutting work is ongoing at the site. Hence no wet jet used.
8.	Unpaved surfaces and loose soil shall be adequately sprinkled with water to suppress dust.	Noted. Unpaved surfaces and loose soil are being regularly sprinkled using anti-smog guns to suppress dust emissions. Site photographs have been attached as Annexure X .
9.	All construction and demolition debris shall be stored at the site (and not dumped on the roads or open spaces outside) before they are properly disposed. All demolition and construction waste shall be managed as per the provisions of the Construction and Demolition Waste Management Rules 2016.	Noted. A designated scrap yard has been provided at the project site for the collection and segregation of generated Construction and Demolition (C&D) waste. No dumping is carried out on public roads. All C&D waste is being managed in accordance with the provisions of the Construction and Demolition Waste Management Rules, 2016.
10.	The diesel generator sets to be used during construction phase shall be low sulphur diesel type and shall conform to Environmental (Protection) prescribed for air and noise emission standards.	Noted. During the construction phase, no DG set is in use, and power requirements are met through a temporary electricity connection from DHBVN & Power Assurance is attached as Annexure XI . Compliant DG sets shall be installed during the operational phase as per prevailing norms.
11.	The gaseous emissions from DG set shall be dispersed through adequate stack height as per CPCB standards. Acoustic enclosure shall be provided to the DG sets to mitigate the noise pollution. Low sulphur diesel shall be used. The location of the DG set and exhaust pipe height shall be as per the provisions of the Central Pollution Control Board (CPCB) norms.	Noted. The project is currently in the construction phase, with power supplied through a temporary electricity connection from DHBVN & Power Assurance is attached as Annexure XI . During the operational phase, acoustically enclosed DG sets with adequate stack height shall be installed as per CPCB norms and used only during power failures.

Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

12.	For indoor air quality the ventilation provisions as per National Building Code of India.	Noted. The project is currently in the construction phase. Ventilation provisions for indoor air quality shall be implemented as per the NBC of India during the operational phase.
Water quality monitoring and preservation:		
1.	The natural drain system should be maintained for ensuring unrestricted flow of water. No construction shall be allowed to obstruct the natural drainage through the site, on wetland and water bodies. Check dams, bio-swales, landscape, and other sustainable urban drainage systems (SUDS) are allowed for maintaining the drainage pattern and to harvest rain water.	Noted. No nallah or wetland passes through the project site where the development is being undertaken. Hence, no natural drainage pattern will be affected by the proposed project. The rain run-off during operational phase of the project will be adequately handled inside the project premises and will be reused for recharging the ground water via rain water harvesting pits.
2.	Buildings shall be designed to follow the natural topography as much as possible. Minimum cutting and filling should be done.	Noted. It is being ensured that the natural topography of the project site is maintained. No adverse impact has been caused due to project development, and no cutting has been carried out at the site.
3.	Total fresh water use shall not exceed the proposed requirement as provided in the project details.	Noted. Fresh water consumption will be in accordance to the limits as per sanctioned Environmental Clearance.
4.	The quantity of fresh water usage, water recycling and rainwater harvesting shall be measured and recorded to monitor the water balance as projected by the project proponent. The record shall be submitted to the Regional Office, MoEF&CC along with six monthly Monitoring reports.	Noted. Condition pertains to operational phase. Currently the project is initial construction phase.
5.	A certificate shall be obtained from the local body supplying water, specifying the total annual water availability with the local authority, the quantity of water already committed, the quantity of water allotted to the project under consideration and the balance water available. This should be specified separately for ground water and surface water sources, ensuring that there is no impact on other users.	Noted. Fresh water assurance from HSVP for both the construction and operational phases is attached as Annexure XV . It shall be ensured that the water demand during the operational phase does not exceed the total water requirement approved under the Environmental Clearance.

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

6.	At least 20% of the open spaces as required by the local building bye-laws shall be pervious. Use of Grass pavers, paver blocks with at least 50% opening, landscape etc. would be considered as pervious surface.	Noted. Currently the project is in construction phase. Landscape area will be developed as per the landscape plan attached as Annexure XVI .
7.	Installation of dual pipe plumbing for supplying fresh water for drinking, cooking and bathing etc and other for supply of recycled water for flushing, landscape irrigation, car washing, thermal cooling, conditioning etc. shall be done.	Noted. Dual pipe plumbing will be provided at the applicable stage for separation fresh and treated water. Fresh water will be used for domestic purposes and treated water in flushing and horticulture.
8.	Use of water saving devices/fixtures (viz. low flow flushing systems; use of low flow faucets tap aerators etc) for water conservation shall be incorporated in the building plan.	Noted. Currently the project is in construction phase. It will be ensured that low flow water saving fixtures will be installed at the project site.
9.	Separation of grey and black water should be done by the use of dual plumbing system. In case of single stack system separate recirculation lines for flushing by giving dual plumbing system be done.	Noted. Dual pipe plumbing will be provided at the applicable stage for separation fresh and treated water. Fresh water will be used for domestic purposes and treated water in flushing and horticulture.
10.	Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices referred.	Noted. Premixed concrete is being outsourced to reduce water demand. Treated water is being used for curing purpose. Treated assurance is attached as Annexure XVII .
11.	The local bye-law provisions on rain water harvesting should be followed. If local bye-law provision is not available, adequate provision for storage and recharge should be followed as per the Ministry of Urban Development Model Building Byelaws, 2016. Rain water harvesting recharge pits/storage tanks shall be provided for ground water recharging as per the CGWB norms.	Noted. 10 RWH pits have been proposed for the project. The same will be constructed at the applicable stage of the project. RWH pits will be constructed as per building bye laws. Groundwater will be recharged through RWH pits.
12.	A rain water harvesting plan needs to be designed where the recharge bores of minimum one recharge bore per 5,000 square meters of built up area and storage capacity of minimum one day of total fresh water requirement shall be	Noted. RWH pits will be constructed at the project site as per the submitted design. The RWH pit design is enclosed as Annexure XVIII .

Environment Consultant	Aplinka Solutions & Technologies Pvt. Ltd, Noida Uttar Pradesh	6

Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	provided. In areas where ground water recharge is not feasible, the rain water should be harvested and stored for reuse. The ground water shall not be withdrawn without approval from the Competent Authority.	
13.	All recharge should be limited to shallow aquifer.	Noted. This will be complied.
14.	No ground water shall be used during construction phase of the project.	Noted. No ground water is being extracted for construction activity.
15.	Any ground water dewatering should be properly managed and shall conform to the approvals and the guidelines of the CGWA in the matter. Formal approval shall be taken from the CGWA for any ground water abstraction or dewatering.	Noted. No ground water is being extracted for construction activity. Treated water is being procured through tankers and used in construction activity. Treated water supply assurance is attached as Annexure XVII .
16.	The quantity of fresh water usage, water recycling and rainwater harvesting shall be measured and recorded to monitor the water balance as projected by the project proponent. The record shall be submitted to the Regional Office, MoEF&CC along with six monthly Monitoring reports.	Noted. Fresh water assurance from HSVP for both the construction and operational phases is attached as Annexure XV . It shall be ensured that the water demand during the operational phase does not exceed the total water requirement approved under the Environmental Clearance.
17.	Sewage shall be treated in the STP with tertiary treatment. The treated effluent from STP shall be recycled/re-used for flushing, AC make up water and gardening. As proposed, no treated water shall be disposed in to municipal drain.	Noted. An STP of 720 KLD capacity shall be installed as per the approved design norms prior to project operation, along with all requisite installations as stipulated in the condition. Treated water from the STP shall be reused for flushing and landscaping purposes.
18.	No sewage or untreated effluent water would be discharged through storm water drains.	Noted. Storm water drains and drainage lines will be provided separately. Roof top rainwater will be channelized through storm water drains into the RWH pits for groundwater recharging. For separating fresh and treated water dual pipe plumbing will be provided. Drainage layout plan attached as Annexure XIX . Assurance for sewerage discharge has been obtained and attached as Annexure XX .
19.	Onsite sewage treatment of capacity of treating 100% waste water to be installed. The installation of the Sewage Treatment Plant (STP) shall be certified	Noted. An STP of 720 KLD capacity shall be installed as per the approved design norms prior to project operation, along with all requisite installations as stipulated in the condition.

Environment Consultant	Aplinka Solutions & Technologies Pvt. Ltd, Noida Uttar Pradesh	7
-----------------------------------	---	----------

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	by an independent expert and a report in this regard shall be submitted to the Ministry before the project is commissioned for operation. Treated waste water shall be reused on site for landscape, flushing, cooling tower, and other end-uses. Excess treated water shall be discharged as per statutory norms notified by Ministry of Environment, Forest and Climate Change. Natural treatment systems shall be promoted.	Treated water from the STP shall be reused for flushing and landscaping purposes. Currently the project is in construction phase.
20.	Periodical monitoring of water quality of treated sewage shall be conducted. Necessary measures should be made to mitigate the odour problem from STP.	Noted. Condition pertains to operational phase. Currently the project is in construction phase.
21.	Sludge from the onsite sewage treatment, including septic tanks, shall be collected, conveyed and disposed as per the Ministry of Urban Development, Central Public Health and Environmental Engineering Organization (CPHEEO) Manual on Sewerage and Sewage Treatment Systems, 2013.	Noted. Condition pertains to operational phase. Currently the project is in construction phase. Sludge generated from STP will be reutilized as manure for landscape development.

Noise monitoring and prevention:

1.	Ambient noise levels shall conform to residential area/commercial area/industrial area/silence zone both during day and night as per Noise Pollution (Control and Regulation) Rules, 2000. Incremental pollution loads on the ambient air and noise quality shall be closely monitored during construction phase. Adequate measures shall be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB / SPCB.	Noted and agreed. Currently the project is in construction phase. Adequate measures have been adopted at the site to maintain ambient air noise at the site, such as covered construction materials, wind breaking walls and avoid construction during night. Sprinkling is also being followed at the site. All the parameters of ambient air and noise are within the prescribed limits. Environmental Monitoring Reports are attached as Annexure XIV .
2.	Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.	Noted and agreed. Currently the project is in construction phase. All the parameters of ambient noise are within the prescribed limits. Environmental Monitoring Reports are attached as Annexure XIV .
3.	Acoustic enclosures for DG sets, noise	Noted. During operational phase, acoustically

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	barriers for ground-run bays, ear plugs for operating personnel shall be implemented as mitigation measures for noise impact due to ground sources.	enclosed DG sets with adequate stack height will be installed. Currently the project is in construction phase.
Energy Conservation measures:		
1.	Compliance with the Energy Conservation Building Code (ECBC) of Bureau of Energy Efficiency shall be ensured. Buildings in the States which have notified their own ECBC, shall comply with the State ECBC.	The following measures will be adopted in order to minimize the consumptions of non-renewable fuel: <ul style="list-style-type: none"> • Use of LED instead of GLS lamps for Common Areas. • Solar photovoltaic panels will be installed in the project premises
2.	Outdoor and common area lighting shall be LED.	Noted. LEDs are installed at the construction site for illumination during night. Solar based lightings in common area will be provided during the operational phase of the project.
3.	Concept of passive solar design that minimize energy consumption in buildings by using design elements, such as building orientation, landscaping, efficient building envelope, appropriate fenestration, increased day lighting design and thermal mass etc. shall be incorporated in the building design. Wall, window, and roof u-values shall be as per ECBC specifications.	Noted.
4.	Energy conservation measures like installation of CFLs/ LED for the lighting the area outside the building should be integral part of the project design and should be in place before project commissioning.	Noted. LEDs will be installed in outdoor and common areas of the project premises. A solar PV system will also be implemented to promote energy conservation during the operational phase.
5.	Solar, wind or other Renewable Energy shall be installed to meet electricity generation equivalent to 1% of the demand load or as per the state level/ local building bye-laws requirement, whichever is higher.	Noted. Energy conservation and renewable energy will be incorporated within the premises at the applicable stage of the project such as : <ul style="list-style-type: none"> • All transformers will be energy efficient and comply with ECBC norms • All the motors used by pumps proposed in the project will be energy efficient and comply with ECBC norms. • DG sets as per CPCB standards will be installed.

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

		<ul style="list-style-type: none"> • More than 20% of roof area is left for renewable energy generation in future.
6.	Solar power shall be used for lighting in the apartment to reduce the power load on grid. Separate electric meter shall be installed for solar power. Solar water heating shall be provided to meet 20% of the hot water demand of the commercial and institutional building or as per the requirement of the local building by-laws, whichever is higher. Residential buildings are also recommended to meet its hot water demand from solar water heaters, as far as possible.	Noted. Condition pertains to operational phase Solar PV system with separate electric meter will be installed at the project site. Solar water heater are proposed to meet hot water demands.
7.	The PP will submit report indicating compliance of each parameter of ECBC requirement and submit quantification saving report for each component.	Noted. Project has obtained IGBC pre-certified Platinum. Copy of the same is attached as Annexure XII .
Waste Management:		
1.	A certificate from the competent authority handling municipal solid wastes, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project shall be obtained.	Noted. During the operational phase, solid waste will be managed through an authorized vendor in accordance with the Solid Waste Management Rules, 2016 and its amendments. Currently, minimal waste is being generated at the site and is being managed as per applicable norms.
2.	Disposal of muck during construction phase shall not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority.	Noted. Muck generated during the construction phase is being reused for backfilling and leveling work. It is stored in an enclosed area, ensuring no impact on human health.
3.	Separate wet and dry bins must be provided in each unit and at the ground level for facilitating segregation of waste. Solid waste shall be segregated into wet garbage and inert materials.	Noted. During the operational phase, separate color-coded bins will be provided for the segregation of wet and dry waste generated on-site. Similar arrangements have already been implemented during the construction phase.
4.	Organic waste compost/Vermiculture pit/Organic Waste Converter within the premises with a minimum capacity of 0.3 kg /person/day must be installed.	Noted. 01 units of organic waste converter will be installed for the effective treatment of the biodegradable waste to be generated during the operation phase. Currently the project is in construction phase.

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

5.	All non-biodegradable waste shall be handed over to authorized recyclers for which a written tie up must be done with the authorized recyclers.	Noted. Non-biodegradable waste will be handed over to an authorized vendor, with a written tie-up obtained for the same. Currently, no such waste is being generated at the construction site.
6.	Any hazardous waste generated during construction phase, shall be disposed off as per applicable rules and norms with necessary approvals of the State Pollution Control Board.	Noted. Project is in construction phase. No such hazardous waste is being generated yet at the project site.
7.	Use of environment friendly materials in bricks, blocks and other construction materials, shall be required for at least 20% of the construction material quantity. These include Fly Ash bricks, hollow bricks, AACs, Fly Ash Lime Gypsum blocks, Compressed earth blocks, and other environment friendly materials.	Noted. Fly ash and AAC blocks are being used in construction, as documented in the site photographs attached as Annexure X . Premixed concrete is being outsourced, with bills attached as Annexure XXI .
8.	Fly ash should be used as building material in the construction as per the provision of Fly Ash Notification of September, 1999 and amended as on 27th August, 2003 and 25th January, 2016. Ready mixed concrete must be used in building construction.	Noted. Fly ash and AAC blocks are being used in construction, as documented in the site photographs attached as Annexure X . Premixed concrete is being outsourced, with bills attached as Annexure XXI .
9.	Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Waste Management Rules, 2016.	Noted. A designated scrap yard is provided for collection and segregation of C&D waste, with no dumping on public roads. All waste is managed as per the Construction and Demolition Waste Management Rules, 2016.
10.	Used CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/ rules of the regulatory authority to avoid mercury contamination.	Noted. As the project is currently in the construction phase, no such waste is presently generated at the site. However, once generated, the waste will be managed in accordance with applicable norms.

Green Cover:

1.	No tree can be felled/transplant unless exigencies demand. Where absolutely necessary, tree felling shall be with prior permission from the concerned regulatory authority. Old trees should be retained based on girth and age	Noted. No tree cutting is proposed for the project; therefore, permission is not required at this stage. If tree cutting becomes necessary in the future, it will be carried out only after obtaining prior approval from the concerned authority.
----	---	--

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	regulations as may be prescribed by the Forest Department. Plantations to be ensured species (cut) to species (planted).	
2.	A minimum of 1 tree for every 80 sqm of land should be planted and maintained. The existing trees will be counted for this purpose. The landscape planning should include plantation of native species. The species with heavy foliage, broad leaves and wide canopy cover are desirable. Water intensive and/or invasive species should not be used for landscaping.	Noted. The green area will be developed as per the landscape plan attached as Annexure XVI . A total of 550 trees, comprising native species such as Neem, Amaltas, and Shisham with broad leaves and wide canopies, are proposed for plantation.
3.	Where the trees need to be cut with prior permission from the concerned local Authority, compensatory plantation in the ratio of 1:10 (i.e. planting of 10 trees for every 1 tree that is cut) shall be done and maintained. Plantations to be ensured species (cut) to species (planted). Area for green belt development shall be provided as per the details provided in the project document.	Noted. No tree cutting is proposed for the project; therefore, permission is not required at this stage. If tree cutting becomes necessary in the future, it will be carried out only after obtaining prior approval from the concerned authority. The green area will be developed as per the landscape plan attached as Annexure XVI .
4.	Topsoil should be stripped to a depth of 20 cm from the areas proposed for buildings, roads, paved areas, and external services. It should be stockpiled appropriately in designated areas and reapplied during plantation of the proposed vegetation on site.	Noted. Top soil excavated during construction phase is well preserved and will be reutilized in landscaping and backfilling.
5.	The PP shall ensure that the area marked for greenery and trees will not be rendered impervious by any means like soil, compaction or cement concrete or brick or tiles or rubber or plastic cover or any other impervious material in any manner and the area must be maintained pervious for water infiltration/percolation and air flow in the soil. It must be straight on earth and not on any roof or slab of any tile.	Noted. It will be ensured that designated green areas and tree plantation zones remain pervious to support natural water infiltration, percolation, and soil air circulation. No impervious materials such as concrete, bricks, tiles, rubber, or plastic sheets will be used. Green spaces will be developed on natural earth, with regular maintenance to sustain soil permeability.

Transport:

1.	A comprehensive mobility plan, as per MoUD best practices guidelines	Noted. Vehicle mobility will be managed to prevent traffic congestion. The site logistics plan

Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	<p>(URDPFI), shall be prepared to include motorized, non-motorized, public, and private networks. Road should be designed with due consideration for environment, and safety of users. The road system can be designed with these basic criteria.</p> <ol style="list-style-type: none"> Hierarchy of roads with proper segregation of vehicular and pedestrian traffic. Traffic calming measures. Proper design of entry and exit points. Parking norms as per local regulation. 	<p>for vehicular movement is attached as Annexure XXII. Parking for 1,013 ECS will be provided in accordance with Haryana Building Bye-laws, with no parking allowed outside the project premises. Internal roads and parking arrangements will be developed as per the approved site/parking plan. Dedicated pathways will ensure proper separation of vehicular and pedestrian traffic, and separate entry and exit gates will be provided to minimize congestion and enhance safety.</p>
2.	<p>Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards be operated only during non-peak hours.</p>	<p>Noted. Covered transportation vehicles carrying construction materials with valid PUC certificates are allowed to enter at the site. Copy of PUC certificates are attached as Annexure XXIII.</p>
3.	<p>A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 05 Kms radius of the site in different scenarios of space and time and the traffic management plan shall be duly validated and certified by the State Urban Development department and the P.W.D./competent authority for road augmentation and shall also have their consent to the implementation of components of the plan which involve the participation of these departments</p>	<p>Noted. There will not be closure or diversion of existing transport routes or infrastructure leading to changes in traffic movements because of project activities. Following measures will be adopted to reduce traffic load:</p> <ul style="list-style-type: none"> • Outside the premises of project site, parking will be prohibited on main access road in front of the proposed gate of property. • On street parking on approach roads outside the project site will be prohibited • At the entry/ exit gates of project site parking will be strictly avoided to facilitate easy entry and exit as well maintain site distance for entering and leaving traffic.

Corporate Environment Responsibility:

Environment Consultant	Aplinka Solutions & Technologies Pvt. Ltd, Noida Uttar Pradesh	13
-------------------------------	---	----

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

1.	The project proponent shall comply with the provisions of CER, as applicable	Noted. This will be complied at the applicable stage of the project, since the construction is in initial stage currently.
2.	The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/ deviation/ violation of the environmental/ forest/ wildlife norms/conditions. The company shall have defined system of reporting infringements/deviation/ violation of the environmental/ forest/ wildlife norms/ conditions and/ or shareholders/ stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.	Noted.
3.	A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.	Noted. Environmental Cell Structure has been submitted with EC proposal.
4.	Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.	Noted. Noted. Environmental Management plan has been submitted with EC proposal for both construction and operational phase. Currently the project is in the construction phase. Wind breaking walls have been provided. Covered construction material using green nets have been stored at designated are. PM sensor and PTZ camera is installed at the site. Antismog guns have been installed at the site for sprinkling purpose. EMP bills have been attached as Annexure XXIV . Site photographs have been attached as Annexure X .
Human Health Issues:		
1.	All workers working at the construction site and involved in loading, unloading, carriage of construction material and	Noted. All construction workers are provided with PPE, including safety jackets, belts, shoes, and gloves. Dust masks are also supplied to

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	construction debris or working in any area with dust pollution shall be provided with dust mask.	prevent inhalation of dust during material handling. Site photographs are attached as Annexure X .
2.	For indoor air quality the ventilation provisions as per National Building Code of India.	Noted. To maintain air quality following provisions will be provided as per NBC: <ul style="list-style-type: none"> • The openings conducive to the wind availability and the operable area more than 20 % of the floor area for all habitable spaces will be provided. • The window positions will be provided at required sill levels to ensure air movement at critical height within a space. This will ensure better perception of thermal comfort and reduce use of fans and AC's.
3.	Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.	Noted. Disaster Management plan attached as Annexure XXV .
4.	Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.	Noted. Basic amenities have been provided for the labor workforce at the site, including safe drinking water, mobile toilets, and medical facilities such as a first aid box and primary health care support. Site photographs are attached as Annexure X .
5.	Occupational health surveillance of the workers shall be done on a regular basis.	Noted. Health surveillance is being conducted for the labours working at the project site. A health camp was organized, and photographs of the same are enclosed as Annexure X . MoU with Heaven hospital is attached as Annexure XXVI .
6.	A First Aid Room shall be provided in the project both during construction and operations of the project.	Noted. First aid room has been provided at the site and photograph of the same attached in Annexure X .
Miscellaneous:		
1.	The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of MoEFCC/SEIAA website where it is	Noted. Newspaper advertisement has been published in both English and in local language, copy of the same is attached as Annexure XXVII .

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	displayed.	
2.	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30days from the date of receipt	Noted. Environmental clearance has been submitted to local authorities.
3.	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.	Noted. Six monthly compliance and Letter of environmental clearance will be uploaded on company's website.
4.	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.	Noted. The same has been submitted on company's website.
5.	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.	Noted. Environmental statement in Form V will be submitted by 30.09.2026.
6.	The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.	Noted and agreed.
7.	The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.	Noted. Project is in adherence to all the conditions issued in environmental clearance and CTE NOC.
8.	The project proponent shall abide by all the commitments and recommendations made in the form-IA, Conceptual Plan	Noted and agreed.

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	and also that during their presentation to the Expert Appraisal Committee.	
9.	No further expansion or modifications in the plan shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC)/SEIAA, Haryana. The project proponent shall seek fresh environmental clearance under EIA notification 2006 if at any stage there is change of area of this project.	Noted. Currently there is no change in the planning of the project. Project is being developed as per approved site plan attached as Annexure V.
10.	Any change in planning of the approved plan will leads to Environment Clearance void-ab-initio and PP will have to seek fresh Environment Clearance	Noted. Currently there is no change in the planning of the project. Project is being developed as per approved site plan attached as Annexure V.
11.	The PP should give unambiguous affidavit giving land promoters in accordance with your ownership and possession of land legal the case referred for Environment Clearance to SEIAA.	Noted. Project land is in ownership of 4S Developers Pvt. Ltd. and land license for the same has been obtained and attached as Annexure XXVIII.
12.	Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.	Noted and agreed.
13.	The Ministry/SEIAA may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.	Noted and agreed. Project is in compliance with issued conditions.
14.	The Ministry / SEIAA reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.	Noted and agreed.
15.	The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.	Noted and agreed.

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

16.	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.	Noted. Project is in compliance with issued conditions and prevailing norms as per the said condition are being followed at site.
17.	Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	Noted and agreed.
18.	The validity of this environment clearance letter is valid up to 10 years from the date of issuance of EC letter in accordance with the MoEF& CC, GoI Notification No. S.O.1807 (E), dated the 12th April, 2022. The environment clearance conditions applicable till life space project will continue to apply. In case of violation the action will be taken as per the laid down law of land. Compliance report shall be sent to this office till life of the project.	Noted and agreed.
19.	If project is not completed within the validity period then the project proponent shall submit the application for extension of validity within one month before the lapse of validity period of Environment Clearance	Noted and agreed.
Specific Conditions:		
1.	The project is recommended on concept basis as such in case of any change in planning, the PP will obtain fresh EC.	Noted. The project is being developed as per the site plan & the same is attached as Annexure V . Fresh EC will be obtained in case of any planning changes.

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

2.	Sewage shall be treated in the STP based on latest Technology with tertiary treatment i.e. Ultra Filtration to achieve standards ordered by NGT. The Treated effluent from STP shall be recycled/reused for flushing. DG cooling and Gardening. The dimension of each component of STP should be properly designed as per norms.	Noted. STP of capacity 720 KLD is proposed for the project same will be installed during the operational phase of the project for waste water generated from the project site. Treated water from STP will be reused in flushing and landscaping.
3.	The Project Proponent would devise a monitoring plan to the satisfaction of the State Pollution Control Board so as to continuously monitor the treated waste water being used for flushing in terms of faecal coli forms and other pathogenic bacteria.	Noted. Environmental monitoring plan has been submitted with EC proposal. Regular monitoring will be done during operational phase. Currently the project is in the initial phase of construction.
4.	The PP shall ensure that total EMP Budget shall be spent on project during construction as well as during operational phase as per table given above. The EMP cost on Socio Economic activities shall be used before the commencement of the project & EMP recurring inside the project shall be implemented throughout the operation of the project. The PP shall establish Environment monitoring cell as per documents submitted.	Noted. The revised EMP budget has been submitted and is attached as Annexure XXIX . EMP measures for the construction phase are being implemented at the site, with supporting bills attached as Annexure XXIV .
5.	The project proponent shall upload the status of compliance of the basic details (given in above tables), stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.	Noted. This will be complied. Environmental Clearance letter will be uploaded on company's website along with other necessary requirements as said in the condition.
6.	The Project Proponents would commission a third party study on the implementation of conditions related to quality and quantity of recycle and reuse of treated water, efficiency of treatment systems, quality of treated water being supplied for flushing (specially the bacterial counts), comparative bacteriological studies from toilet seats	Noted. The condition pertains to operational phase, currently the project is construction phase.

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	using recycled treated waters and fresh waters for flushing, and quality of water being supplied through spray faucets attached to toilet seats.	
7.	Separate wet and dry bins must be provided in each unit and at ground level for facilitating segregation of waste. Solid Waste shall be segregated into wet garbage and inert materials. Wet Garbage shall be composted in Organic waste convertor. Adequate area shall be provided for solid waste management within the premises which will include area for segregation, composting. The Inert waste from the project will be sent to dumping site.	Noted. Condition pertains to operational phase. Separate color coded collection bins for segregation of wet and dry waste will be provided. OWC will be provided for management of biodegradable waste. Currently the project is in the initial construction phase. Non-biodegradable waste will be handed over to authorized vendor and approval for the same will be obtained.
8.	Traffic management plan as submitted shall be implemented in letter and spirit. Apart, a detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is marinated and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or purpose to be carried out by the project or other agencies in this 05kms radius of the site in different scenarios of space and time	Noted. There is no closure or diversion of existing transport routes or infrastructure leading to changes in traffic movements because of project activities. Following measures will be adopted to reduce traffic load: <ul style="list-style-type: none"> • Outside the project premises, parking will be prohibited on main access road in front of the proposed gate of property. • On street parking on approach roads outside the project site will be prohibited • At the entry/ exit gates of project site parking will be strictly avoided to facilitate easy entry and exit as well maintain site distance for entering and leaving traffic.
9.	The Project Proponent shall obtain all necessary clearance/permission from all relevant agencies including town planning authority before commencement of work. All the construction shall be done in accordance with the local building byelaws.	Noted. All necessary clearances have been obtained, and construction is being carried out in accordance with the approvals and applicable local building bye-laws. The building plan approval from DTCP is attached as Annexure IV , and the land license is attached as Annexure XXVIII .
10.	Consent to establish/operate for the expansion project shall be obtained from the State Pollution Control Board as required under the Air (Prevention and Control of pollution) Act, 1981 and the Water (Prevention and control of	Noted. The CTE NOC is attached as Annexure I . The CTO NOC will be obtained prior to commencement of the project.

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

	pollution) Act, 1974.	
11.	The Approval of the Competent Authority shall be obtained for structural safety of building code due to earthquakes, adequacy of firefighting equipment's etc. as per National Building Code including protection measures from lightening etc.	Noted. Structure Stability certificate has been obtained. Copy of the same is attached as Annexure IX . Firefighting scheme approval is attached as Annexure III . Adequate firefighting equipment's have been installed at the site as per NBC norms. Site photographs have been attached as Annexure X .
12.	The PP shall not carry any construction above or below the Revenue Rasta, if any	Noted. As per zoning plan no revenue rasta passes through the project. Hence this condition is not applicable to the project. The same is attached as Annexure VI .
13.	The PP shall keep the ROW below the HT Line passing through the project, if any.	Noted. The condition is not applicable as no HT line passes through the project site.
14.	The PP shall obtain the Fire NOC from the Competent Authority before taking occupation of the building	Noted. Firefighting scheme approval is attached as Annexure III .
15.	The PP shall install the Eco-Friendly Green Transformer based on ester oil to reduce the carbon footprint. The PP shall shift to gas-based generator set when the gas is available. The PP shall install APCM for the DG set. The PP shall reduce the SO2 load by 30% if HSD is used. The DG sets will be operated for maximum 04 hours during power failure through Executing Agency	Noted. Currently the project is construction and the said condition will be complied at the applicable stage of the project before coming into operation.
16.	The PP shall not give occupation or possession before the water supply, electricity and sewage connection permitted by the competent authority.	Noted. Water supply, electricity and sewage Connection will be provided before providing occupation to the building. Currently the project is the construction phase.
17.	The PP shall carry out the quarterly awareness programs for the stakeholders of the commercial colony/project.	Noted. Trainings are being provided to staffs and labours for the purpose of awareness.
18.	The PP shall install Digital water level recorder for monitoring the water recharge and carry out quarterly maintenance and cleaning of RWH pits.	Noted. Condition pertains to operational phase. Currently the project is the initial phase of construction.
19.	The PP shall take all preventive measures including water sprinkles to control dust during construction and operational phase.	Noted. All measure for dust suppression at the site is being followed at the site. Sprinkling is being done at the site using antismog guns. Site photographs have been attached as Annexure X . PO for the same is attached as Annexure XXIV .

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

20.	The PP may provide electric charging stations to facilitate electric vehicle commuters.	Noted. Condition pertains to operational phase. Currently the project is the initial phase of construction.
21.	Any change in stipulations of EC will lead to Environment Clearance void-ab-initio and PP will have to seek fresh Environment Clearance.	Noted and agreed.
22.	The PP is required to plant 10 times trees at the project site and compensatory tree plantation will be done @1:10. No tree cutting has been proposed in the instant project. A minimum of 1 tree for every 80sqm of land should be planted and maintained. The Existing trees will be counted for this purpose. The landscape planning should include plantation of native species. The species with heavy foliage, broad leaves and wide canopy cover are desirable. Water intensive and/or invasive species should not be used for landscaping. As proposed 8112.247 m ² (@20.7 % of the plot area) shall be provided for green area development.	Noted. The green area will be developed as per the landscape plan attached as Annexure XVI . A total of 550 trees, comprising native species such as Neem, Amaltas, and Shisham with broad leaves and wide canopies, are proposed for plantation.
23.	10 Rain water harvesting recharge pits shall be provided for ground water recharging as per the CGWB norms.	Noted. 10 RWH pits have been proposed for the project for the groundwater recharge. The same will be constructed at the applicable stage of the project. RWH pits design is attached as Annexure XVIII .
24.	The PP shall install required number of Anti-Smog Guns at the project site as per the requirement of HSPCB.	Noted. Adequate anti-smog guns have been installed at the project site for dust suppression. Site photographs are attached as Annexure X , and purchase bills are attached as Annexure XXIV .
25.	The PP shall provide 50 KW power through Solar power	Noted. This will be complied during operational phase. Project is currently in construction phase.
26.	The PP shall register themselves on the http://dustapphspcb.com portal as per the Direction No.14 dated 11.06.2021 issued regarding dust mitigation by Commission for Air Quality Management in National Capital Region and Adjoining Areas.	Noted. Project has been registered on Dust Pollution Control Self-Assessment portal of HSPCB.

Project Name	Affordable Group Housing Project	December 2025
Project Proponent	M/s 4S Developers Private Limited	
Project Address	Village Dhunela, Sector 36, Sohna, Haryana.	

27.	Project proponent shall install DG sets for the project as per latest Guidelines of GRAP, NCAP & CPCB.	Noted. DG sets equipped with acoustic enclosures and adequate stack height will be installed during the operational phase of the project.
28.	The Project proponent will also undertake mitigation measures during the construction period to control dust pollution.	<p>Noted. Dust mitigation measures are being followed at the project site and have been mentioned below:</p> <ul style="list-style-type: none"> • Wind breaking walls has been provided along the periphery of the site. • Antismog guns (ASGs) are installed at the project site. • Construction materials are being kept covered using green nets/tarpaulin sheets. • Vehicles with valid PUC certificates are allowed to enter inside the project premises. • Wheel washing is carried out at the project site. • PM sensors are installed at the project site. <p>Site photographs have been attached as Annexure X.</p>

ANNEXURE-I
CONSENT TO ESTABLISH

HARYANA STATE POLLUTION CONTROL BOARD

Sub. : Grant of consent to Establish to M/s 4S Developers Pvt. Ltd.

Please refer to your application no. 79672578 received on dated 2024-09-20 in regional office Gurgaon South.

With reference to your above application for consent to establish, M/s 4S Developers Pvt. Ltd. is here by granted consent as per following specification/Terms and conditions.

Consent Under	AIR/WATER
Period of consent	29/10/2024 - 17/07/2034
Industry Type	Building and Construction projects having waste water generation more than 100 KLD in respective of their built-up area
Category	RED
Investment(In Lakh)	34994.641
Total Land Area (Sq. meter)	39189.69
Total Builtup Area (Sq. meter)	107081.9
Quantity of effluent	
1. Trade	0.0 KL/Day
2. Domestic	578.0 KL/Day
Number of outlets	1.0
Mode of discharge	
1. Domestic	Recycle/ Reuse
2. Trade	
Permissible Domestic Effluent Parameters	
1. BOD	10 mg/l
2. COD	50 mg/l
3. TSS	20 mg/l
4. pH	5.5-9.0
5. Total Nitrogen	10 mg/l

6. Total Phosphorus	1 mg/l
7. Faecal Coliform (MPN/100ml)	Less than 100
Permissible Trade Effluent Parameters	
1. NA	mg/l
Number of stacks	3
Height of stack	
1. Attached to Gen Set of 500 KVA above roof level	6 Meter
2. Attached to Gen Set of 500 KVA above roof level	6 Meter
3. Attached to Gen Set of 500 KVA above roof level	6 Meter
Permissible Emission parameters	
1. NA	
Capacity of boiler	
1. NA	Ton/hr
Type of Furnace	
1. NA	
Type of Fuel	
1. Gas or any other fuel approved by CAQM, CPCB, HSPCB	850 KG/Day

Terms and conditions

- The industry has declared that the quantity of effluent shall be 578 KL/Day i.e 0KL/Day for Trade Effluent, 0 KL/Day for Cooling, 578 KL/Day for Domestic and the same should not exceed .
- The above 'Consent to Establish' is valid for 60 months from the date of its issue to be extended for another one year at the discretion of the Board or till the time the unit starts its trial production whichever is earlier. The unit will have to set up the plant and obtain consent during this period.
- The officer/official of the Board shall have the right to access and inspection of the industry in connection with the various processes and the treatment facilities being provided simultaneously with the construction of building/machinery. The effluent should conform the effluent standards as applicable
- That necessary arrangement shall be made by the industry for the control of Air Pollution before commissioning the plant. The emitted pollutants will meet the emission and other standards as laid/will be prescribed by the Board from time to time.
- The applicant will obtain consent under section 25/26 of the Water (Prevention & Control of Pollution) Act, 1974 and under section 21/22 of the Air (Prevention & Control of Pollution) Act,1981 as amended to-date-even before starting trial production

6. The above Consent to Establish is further subject to the conditions that the unit complies with all the laws/rules/decisions and competent directions of the Board/Government and its functionaries in all respects before commissioning of the operation and during its actual working strictly.
7. No in-process or post-process objectionable emission or the effluent will be allowed, if the scheme furnished by the unit turns out to be defective in any actual experience
8. The Electricity Department will give only temporary connection and permanent connection to the unit will be given after verifying the consent granted by the Board, both under Water Act and Air Act.
9. Unit will raise the stack height of DG Set/Boiler as per Board's norms.
10. Unit will maintain proper logbook of Water meter/sub meter before/after commissioning.
11. That in the case of an industry or any other process the activity is located in an area approved and that in case the activity is sited in an residential or institutional or commercial or agricultural area, the necessary permission for siting such industry and process in an residential or institutional or commercial or agricultural area or controlled area under Town and Country Planning laws CLU or Municipal laws has to be obtained from the competent Authority in law permitting this deviation and be submitted in original with the request for consent to operate.
12. That there is no discharge directly or indirectly from the unit or the process into any interstate river or Yamuna River or River Ghaggar.
13. That the industry or the unit concerned is not sited within any prohibited distances according to the Environmental Laws and Rules, Notification, Orders and Policies of Central Pollution control Board and Haryana State Pollution Control Board.
14. That of the unit is discharging its sewage or trade effluent into the public sewer meant to receive trade effluent from industries etc. then the permission of the Competent Authority owing and operating such public sewer giving permission letter to his unit shall be submitted at time of consent to operate.
15. That if at any time, there is adverse report from any adjoining neighbor or any other aggrieved party or Municipal Committee or Zila Parishad or any other public body against the unit's pollution; the Consent to Establish so granted shall be revoked.
16. That all the financial dues required under the rules and policies of the Board have been deposited in full by the unit for this Consent to Establish.
17. In case of change of name from previous Consent to Establish granted, fresh Consent to Establish fee shall be levied.
18. Industry should adopt water conservation measures to ensure minimum consumption of water in their process. Ground water based proposals of new industries should get clearance from Central Ground Water Authority (CGWA)/ Haryana Water Resources (Conservation, Regulation and Management) Authority (HWRA) for scientific development of precious resource
19. That the unit will take all other clearances from concerned agencies, whenever required.
20. That the unit will not change its process without the prior permission of the Board.
21. That the Consent to Establish so granted will be invalid, if the unit falls in Aravali Area or non conforming area.
22. That the unit will comply with the Hazardous Waste Management Rules and will also make the non-leachate pit for storage of Hazardous waste and will undertake not to dispose off the same except for pit in their own premises or with the authorized disposal authority.

23. That the unit will submit an undertaking that it will comply with all the specific and general conditions as imposed in the above Consent to Establish within 30 days failing which Consent to Establish will be revoked.
24. That unit will obtain EIA from MoEF, if required at any stage.
25. In case of unit does not comply with the above conditions within the stipulated period, Consent to Establish will be revoked.
26. That unit will obtain consent to operate from the board before the start of product activity.
27. The industrial/non industrial sector projects shall develop green belt (as applicable) in its premises including periphery, entry and exit, as per notifications/conditions of EC/directions of MOEF/CPCB/SPCB/NGT/ any court of law. In case of stone crushers, hot mix plants, mineral grinding units, screening plants and brick kilns etc., the unit shall develop adequate green belt and erect barrier/barricade/boundary wall as applicable, as per notifications/directions of MOEF/CPCB/SPCB/NGT/ any court of law.
28. The unit shall develop paved or hard surfaced approach road to the site of unit (including the storage site, if it is at different place) from the nearest public road for transportation of raw material/final product.

Specific Conditions

Other Conditions :

HARYANA STATE

1. CTE so granted is on the basis of detail submitted by the Project Proponent in online application and undertakings, CTE granted is without prejudice to the action to be taken in respect of any violation made by Project Proponent in past & CTE will be deemed revoked & further action will be taken as per law if any violation observed at any stage. 2. Project Proponent will submit online application 90 days before expiry of CTE. 3. Project Proponent will be maintained the daily logbook of Gen Set. 4. Project Proponent will follow the all Acts/Rules/Regulations/orders/directions issued by the HSPCB/CPCB/NGT/CAQM and Hon'ble courts and amended time to time in future otherwise CTE so granted shall be revoked without giving any further notice. 5. A detailed water harvesting plan may be submitted by the project proponent. 6. That in case any additional charges / fees / penalty etc. are found payable towards this CTE as per audit then the same shall be paid by the Project Proponent without any objection immediately as and when demanded by this office. 7. That this CTE will not provide any immunity to Project Proponent from any other Act/Rules/Regulations applicable to the project/land in question. 9. Project Proponent will not change the quantity of effluent/Air emission without prior permission of the Board. 10. Stack emission level should be stringent than the existing standards in terms of the identified critical pollutants. 11. Increase of green belt cover by 40% of the total land area beyond the permissible requirement of 33%, wherever feasible. 12. Stipulation of greenbelt outside the project premises such as avenue plantation, plantation in vacant areas, social forestry etc. 13. Project Proponent will dispose off their waste/spent oil of Gen sets only to authorized recyclers by the HSPCB and oily cloths, gloves and other waste will be handed over to CTSDFs as applicable. 14. Project Proponent will obtain all necessary clearance from all concerned departments/Authorities 15. Project Proponent will obtain copy of registration from HWRA for extraction of ground water. 16. Stipulation of greenbelt outside the project premises such as avenue plantation, plantation in vacant areas, social forestry etc. 17. Project Proponent will not generate and discharge any type trade effluent inside or outside the premises of the Project. 20. Project Proponent will strictly comply with the directions of CPCB vide letter No B17011/7/UPC-IIPWM(SUP)/2022 dated 01.02.2022. 21. Project Proponent will comply all the provisions of PWM Rules, 2016 and as amended from time to time 22. Project Proponent should comply directions of Haryana Govt., Urban Local Bodies Department, vide Haryana Govt. GAZ (EXTRA) Aug.20.2013(SRVN. 22.1935 SAKA) dated 20/08/2013 and not use plastic carry bags in the premises or outside the premises by the Project Proponent or their persons. 23. Project Proponent if found violating any of the provisions of PWM Rules, orders and directions as mentioned and any of the above said conditions, the CTE so granted will stand revoked apart from initiation of legal action against the Project Proponent. 24. Project Proponent will comply all the Act/Rules/Notification/Directions i.e. HOWM Rules, E-waste Rules, PMW Rules, BMW Rules, Battery Rules and MSW Rules etc. 25. The Project Proponent will provide proper sampling arrangements on their stacks and effluent sources as applicable. 26. Project Proponent will not store any type of material/products other than the permission obtained by the Project Proponent. 27. Project Proponent will not store any hazardous type material/product which comes under the preview of HOWM Rules, 2016. 28 Project Proponent will take Consent to Operate before starting the occupation/ operation of the project. 29. The Project Proponent will install the project only on the premises for which Project Proponent has applied for NOC. 30. Project Proponent will comply the conditions mentioned in the letter dated 25-10-2019 of CPCB regarding mechanism for Environmental management. 31. Project Proponent needs to register on dust portal. 32. Project Proponent needs to operate Generator only on approved fuel in compliance with CAQM Direction vide no. 76. 33. Project Proponent will register on Dust App developed by CPCB and install Anti-Smog Guns wherever required as per CPCB/CAQM directions. 34. Project Proponent will comply the guidelines/directions regarding handling of C&D waste and construction issued by CPCB & MoEF time to time. 35. Project proponent should ensure that the project distance from Sultanpur national park (Ramsar Wetland) meet as per notification / guidelines issued by MoEF CC Govt. of India regarding wetland area, if in actual site verification the distance will be found less than prescribed distances in notification, this CTE will be revoked and further actions will be initiate against the project. 36. Unit will strictly comply the MSW Rules, PWM Rules, E-waste Rules, Battery Rules, HOWM Rules and C&D Waste Rules amended time to time. 37. Project Proponent will achieve zero discharge and install latest technology of STP and reuse/recycle of treated effluent. 38. Dumping of waste (fly ash, slag, red mud etc.) may be permitted only at designated locations approved by SPCBs/PCCs. 39. The Project Proponent/unit will not claim any benefits on the basis of this CTE in respect of past violation committed by them. 40. Project Proponent will submit the compliance of conditions of CTE within 90 days.

हरियाणा सरकार / Government of Haryana

हरियाणा वन-पक्षिण अधिनियम, 1900 (1900 का पंजाब का अधिनियम II) अथवा वन अधवा प्रसिद्धित भूमि से संबंध मे निरक्षेप प्रमाण पत्र।
NOC in respect of Haryana Land and Preservation Act, 1900 (Punjab Act, II of 1900) or Forest or Restricted lands.
Applicant Sanju located at village /city Dhunela district Gurgaon
made a proposal to use this land for Building Construction. It is made clear that:

a) As per records available above said land is not part of notified Reserved Forest, Protected Forest under Indian Forest Act, 1927 or any area closed under section 4 of Punjab Land Preservation Act, 1900.

b) It is clarified that by the Notification No. S.O.8/PA.2/1900/S.4/2013 dated 4th January, 2013, all Revenue Estate of Gurgaon is notified u/s 4 of PLPA 1900 and S.O.81/PA.2/1900/S.3/2012 u/s 3 of PLPA 1900. The area is however not recorded as forest in the Government record but felling of any tree is strictly prohibited without the permission of Divisional Forest Officer, Gurgaon.

c) If approach is required from Protected Forest by the user agency, the clearance/ regularization under Forest Conservation Act 1980 will be required. Without prior clearance from Forest Department, the use of Forest land for approach road is strictly prohibited. M/s 4s Developers Pvt Ltd whose land is located at village/city, Dhunela District Gurgaon must obtain clearance as applicable under Forest Conservation Act 1980.

d) As per the records available with the Forest Department, Gurgaon the area does not fall in areas where plantations were raised by the Forest Department under Aravalli project.

e) All other statutory clearances mandated under the Environment Protection Act, 1986, as per the notification of Ministry of Environment and Forests, Government of India, dated 07-05-1992 or any other Act/ order shall be obtained as applicable by the project proponents from the concerned authorities.

f) The project proponent will not violate any Judicial Order/ direction issued by the Hon'ble Supreme Court/ High Courts.

g) It is clarified that the Hon'ble Supreme Court has issued various judgments dated 07.05.2002, 29.10.2002, 16.12.2002, 18.03.2004, 14.05.2008 etc. pertaining to Aravalli region in Haryana, which should be complied with.

h) It shall be the responsibility of user agency/ applicant to get necessary clearances/ permissions under various Acts and Rules applicable if any, from the respective authorities/ Department.

i) This certificate is not applicable in case of Environment Department notification dated 10.03.2016 for Screening Plant, and notification dated 11.05.2016 for Stone Crusher. Investor/Applicant has to take clearance from Environment Department in case of Screening Plant and Stone Crusher.

It is subject to the following conditions:

1. Clarification Is Hereby Issued Subject To Above Mentioned Conditions.

ANNEXURE-III
FIREFIGHTING SCHEME APPROVAL

From Director General
Fire Service, Haryana Panchkula

To **M/s** Four S Developers Pvt Ltd
Sector 36 Sohna Gurugram

Memo No. FS/2024/1626 dated : 13/12/2024

Subject : Approval of fire fighting scheme 15 mtrs. and Above from the fire safety point of view for Group A- Residential Building at meas. 9.684 acres in Sector 36, Sohna, Gurugram of M/s 4S Developers Pvt. Ltd. :

Reference your Transaction Id 050282423000102 dated: 30/11/2024 on the subject cited above.

Your case for the approval of fire fighting scheme has been examined by the team of Fire Station Officers, Gurgaon Sector-29, .The means of escape and Fire Protection system were checked and found as per the National Building Code of India, Part- IV guidelines. Therefore your proposed fire fighting scheme is hereby approved as per following detail from the fire safety point of view with the following conditions:-

Tower Name	Floor Detail	Terrace Height of Last Livable Floor(In Meters)	Ground Coverage
Phase-I	-	-	-
Tower- A	G to 25	77.00 Mt.	1028.581 Sq. Mt.
Tower- B	G to 25	77.00 Mt.	1025.874 Sq. Mt.
Tower- C	G to 25	77.00 Mt.	1025.874 Sq. Mt.
Tower- D	G to 25	77.00 Mt.	1028.581 Sq. Mt.
Commercial- 1	G to 02	13.95 Mt.	965.140 Sq. Mt.
Commercial- 2	G to 02	13.95 Mt.	1243.259 Sq. Mt.
Phase- II	-	-	-
Tower- E	G to 25	77.00 Mt.	1031.289 Sq. Mt.
Tower- F	G to 17	56.50 Mt.	541.435 Sq. Mt.
Tower- G	G to 17	56.50 Mt.	541.435 Sq. Mt.
Tower Name	Basement Level	Basement Area	Basement Remarks
	Basement- 01	11144.221 Sq. Mt.	Under Tower- A to E
	Basement- 01	1553.895 Sq. Mt.	Under Commercial- 2

- 1) The proposed fire fighting scheme is approved as submitted in the building plan subject to the approval of building plan by the competent authority.
- 2) The approval of fire scheme by this office doesn't absolve the firm from his responsibility from all consequences, in case of fire due to any deficiencies or anything left out in the scheme submitted by you.
- 3) Overhead & underground water tanks provided for firefighting shall be so constructed in such a way that the domestic water tank shall filled from overflow of the fire Water tanks.
- 4) As soon as the installations of fire fighting arrangements are completed, the same may be got inspected/ tested and clearance should be obtained from this office.
- 5) If the infringement of Byelaws remains un- noticed the Authority reserves the right to amend the Plans/Fire Fighting Scheme as and when any such infringement comes to notice after giving an opportunity of being heard and the Authority shall stand Indemnified against any claim on this account.
- 6) If you fail to comply with any of the above terms & conditions you will be liable to be punished as per Chapter-III Section 31 Sub-Section 1 & 2 of Fire Act 2009 i.e. imprisonment for a term which may extend to three month or fine which may extend to five thousand rupees or both.
- 7) The staircase shall be made with the specified material enabling it non-slippery.
- 8) The above Fire Fighting Scheme is valid for Five Year from the date of issue of this letter.
- 9) If the gap between ceiling and false ceiling is more than 800 mm then upright sprinkler and detectors above false ceiling & pendent sprinkler below false ceiling shall be installed in the building

3. FIRE SAFETY:

- (i) The colonizer and the Supervising Architect of the project shall be entirely responsible for making provisions of fire safety and fire-fighting measures and shall abide by all fire safety bye laws.
- (ii) That you shall get approved the fire-fighting scheme in accordance with the Section 15 of The Haryana Fire Safety Act, 2009 and directions issued by the Director, Haryana Fire Services, Haryana, before starting the construction work at site.
4. No addition and alteration in the building plans/ layout plan shall be made without the prior approval of DTCP. Further, only figured dimensions shall be followed and in case of any variation in the plans, prior approval of DTCP shall be pre-requisite.
5. That you shall furnish the service plan/ estimate of this scheme in accordance with approved building plans.
6. Based on the actual estimated cost of internal development of the commercial colony you shall furnish additional bank guarantee, if required.
7. The revenue Rasta if any passing through the site shall be kept unobstructed.
8. If any infringement of byelaws remains unnoticed, the Department reserves the right to amend the plan as and when any such infringement comes to its notice after giving an opportunity of being heard and the Department shall stand indemnified against any claim on this account.
9. The layout showing the electric installation shall have to be got approved from the competent authority before execution of work at site.
10. No person shall occupy or allow any other person to occupy any new building and before grant of occupation certificate, you shall apply for occupation certificate as per the provisions of Code 4.10 of the Haryana Building Code-2017 which shall be accompanied by certificates regarding completion of works described in the plans and it shall be accompanied by:
 - (i) DPC certificate issued by concerned DTP.
 - (ii) Structural stability certificate duly signed by the recognized Architect & Structural Engineer.
 - (iii) A clearance from Fire Safety point of view from the competent authority.
11. The provision of letter boxes for each dwelling unit shall be made at the ground floor of each building.
12. The basements shall be used for parking and services as prescribed in the approved zoning plan and building plans. The parking lots proposed in the scheme shall be exclusively for the use of flat owners/residents of the group housing scheme. The parking lot shall not be leased out /transferred to any person who is not a flat owners /residents of the group housing complex.
13. That you shall comply with the conditions laid down in the Memo No. 38391 dated 19.02.2024 of Chief Engineer (HQ), HSVP, Panchkula and Deputy Director, Fire

Office (HQ) DULB Panchkula vide memo no. 1228 dated 19.02.2024 (copies enclosed)

14. GENERAL: -

- (i) That you shall obtain the clearance/NOC as per the provisions of the Notification No. S.O. 1533 (E) Dated 14.9.2006 issued by Ministry of Environment and Forest, Government of India before starting the construction/execution of development works at site.
- (ii) That you shall strictly comply with the directions of MoEF Guidelines, 2010 while raising construction and comply with the instructions of Director, Town and Country Planning, Haryana, Chandigarh issued vide orders dated 14.5.2015 which is also available on the departmental website www.tcpharyana.gov.in.
- (iii) That you shall submit the fire-fighting scheme duly approved in accordance with the section 15 of the Haryana Fire Safety Act 2009 and directions issued by Director, Urban Local Bodies Haryana before starting the construction work at site.
- (iv) That you shall submit the approved Electrical Service Plan from competent authority and certificate to this effect that adequate arrangement has been put in place before grant of occupation certificate.
- (v) That the rain water harvesting system shall be provided as per Central Ground Water Authority norms/Haryana Govt. notification as applicable.
- (vi) That you shall use only Light-Emitting Diode lamps (LED) fitting for internal lighting as well as Campus lighting.
- (vii) That you shall not construct the building beyond 30.0 mtrs. without getting the valid NOC from AAI.
- (viii) That you shall ensure the installation of Solar Photovoltaic Power Plant as per the provisions of order No. 22/52/2005-5Power dated 21.03.2016 issued by Haryana Government Renewable Energy Department.
- (ix) That you shall strictly comply with the directions issued vide Notification No. 19/6/2016-5P dated 31.03.2016 issued by Haryana Government Renewable Energy Department.
- (x) That if any, site for Electric Sub Station is required, same will be provided by you in the colony.
- (xi) That provision of parking shall be made within the area earmarked /designated for parking in the colony and no vehicle shall be allowed to park outside the premises.
- (xii) That you shall follow provisions of section 46 of 'The Persons with Disabilities (Equal Opportunities, protection of Rights and full Participation) Act, 1995' which includes construction of Ramps in public buildings, adaption of toilets for wheel chair users, Braille symbols and auditory signals in elevators or lifts

and other relevant measures for Hospitals, Primary Health Centre and other medical care and rehabilitation units.

- (xiii) That you shall abide the terms and conditions of the Undertaking/Affidavit submitted in the office of Administrator, HSVP, Gurugram in compliance of Order dated 16.07.2012 of the Hon'ble High Court and shall not extract groundwater for construction purposes.
 - (xiv) That you shall abide by the terms and conditions of Affordable Group Housing Scheme issued vide Notification No. PF-27/48921 dated 19.08.2013.
 - (xv) That you shall give the advertisement as per the instructions issued vide memo No. 15772 dated 18.07.2014.
 - (xvi) That you shall deposit the balance amount of Labour Cess in future, time to time as per progress in construction at site.
 - (xvii) That you shall submit the scanned copy of the approved building plans in CD format within one week to this office from the issuance of this letter.
15. Environment: That you shall strictly comply with the directions of MOEF Guidelines, 2010 while raising construction. In addition, you shall comply with the instructions of Director, Town & Country Planning, Haryana, Chandigarh issued vide order dated 14.05.2015, available on the Departmental Website www.tcpharyana.gov.in URL :https://tcpharyana.gov.in/Policy/Misc392%20OA%20No.%2021%20of%202014%20Vardhaman%20Kaushik%20Vs.%20UOI_ors.pdf in compliance of the orders dated 10.04.2015 passed by Hon'ble National Green Tribunal in OA No. 21 of 2014, which are as under:
- (i) You shall put tarpaulin on scaffolding around the area of construction and the building. You are also directed that you shall not store any construction material particularly sand on any part of the street/roads.
 - (ii) The construction material of any kind that is stored in the site will be fully covered in all respects so that it does not disperse in the Air in any form.
 - (iii) All the construction material and debris shall be carried in the trucks or other vehicles which are fully covered and protected so as to ensure that the construction debris or the construction material does not get dispersed into the air or atmosphere, in any form whatsoever.
 - (iv) The dust emissions from the construction site should be completely controlled and all precautions taken in that behalf.
 - (v) The vehicles carrying construction material and construction debris of any kind should be cleaned before it is permitted to ply on the road after unloading of such material.
 - (vi) Every worker working on the construction site and involved in loading, unloading and carriage of construction material and construction debris shall be provided with mask to prevent inhalation of dust particles.

- (vii) Every owner and or builder shall be under obligation to provide all medical help, investigation and treatment to the workers involved in the construction of building and carry of construction material and debris relatable to dust emission.
- (viii) It shall be the responsibility of every owner/builder to transport construction material and debris waste to construction site, dumping site or any other place in accordance with rules and in terms of Hon'ble NGT order dated 10.04.2015 referred above.
- (ix) All to take appropriate measures and to ensure that the terms and conditions of the Hon'ble NGT order dated 10.04.2015 referred above in OA No. 21 of 2014 and the earlier orders passed in said case should strictly comply with by fixing sprinklers, creations of green air barriers.
- (x) Compulsory use of wet jet in grinding and stone cutting.
- (xi) Wind breaking walls around construction site.
- (xii) That you shall ensure that least dust has emitted into air/atmosphere and all steps are taken to prevent the same.
- (xiii) That all the builders, who are building commercial, residential complexes which are covered under the EIA Notification of 2006, shall provide green belt around the building that they construct and compliance of the same shall be ensured prior to issuance of occupancy certificate.
- (xiv) If any person, owner and or builder is found to be violating any of the conditions stated in this order and or for their non-compliance such person, owner, builder shall be liable to pay compensation of ₹ 50,000/- per default in relation to construction activity at its site and ₹ 5,000/- for each violation during carriage and transportation of construction material, debris through trucks or other vehicles, in terms of Section 15 of the NGT Act on the principle of Polluter Pay. Such action would be in addition not in derogation to the other action that the Authority made take against such builder, owner, person and transporter under the laws in force.
- (xv) All the owners/builders shall ensure that C & D waste is transported in terms of this order to the site in question only and due record in that behalf shall be maintained by the builders, transporters and NCR of Delhi.
- (xvi) It is made clear that even if constructions have been started after seeking Environmental Clearance under the EIA notification 2006 and after taking other travel but is being carried out without taking the preventive and protective environmental steps as stated in above said order dated 10.04.2015 passed by NGT and MOEF guidelines, 2010, the State Government, SPCB and any officer of any Department as afore-stated shall be entitled to direct stoppage of work.

16. As per the condition of the licence, you were required to convey ultimate power load requirement to the Department. You have not intimate so far. The same may be supplied within a month from the issuance of this letter.
17. That you shall complete the project as per terms & conditions of Affordable Group Housing policy in a time bound manner from the date of earlier approved building plans/environmental clearance.

This sanction will be void abinitio, if any of the conditions mentioned above are not complied with.

DA/As above alongwith one set of approved building plan.

ANNEXURE-VI
ZONING PLAN

ZONING PLAN FOR AN ADDITIONAL AREA MEASURING 1.375 ACRES (LICENCE NO. 269 OF 2023 DATED 28/12/2023.) IN ALREADY LICENCE GRANTED FOR AFFORDABLE GROUP HOUSING COLONY FOR AN AREA MEASURING 8.309 ACRES (LICENCE NO. 235 OF 2023 DATED 02.11.2023) TOTAL AREA MEASURING 9.684 ACRES IN SECTOR-36, SOHNA BEING DEVELOPED BY 4S DEVELOPERS PVT. LTD.

For purpose of Code 1.2 (xvi) & 6.1 (1) of the Haryana Building Code, 2017, amended from time to time.

1. SHAPE & SIZE OF SITE :-
The shape and size of site is in accordance with the demarcation plan shown as A TO P & U TO Z1 confirmed by DTP/Gurugram vide Inlet No. 7012 dated 11.09.2023.

2. TYPE OF BUILDING PERMITTED AND LAND USES :-

- (a). The type of building permitted on this site shall be buildings designated in the form of flatted development for residential purpose or any ancillary or apartment building including community facilities, public amenities and public utility as may be prescribed and approved by the Director, Town and Country Planning, Haryana.
- (b). The site shall be developed and building constructed thereon as indicated in and explained in the table below:

Notation	Land use Zone	Type of Building permitted / permissible structure
□	Open Space Zone	Open parking, garden, landscaping features, underground services, etc.
▨	Building Zone	Building as per permissible land use in clause - a above and uses permissible in the open space zone.

3. SITE COVERAGE AND FLOOR AREA RATIO (FAR) :-

- (a). The building or buildings shall be constructed only within the portion of the site marked as Building zone as explained above, and nowhere else.
- (b). The maximum coverage of ground floor shall be 50% of the net planned area of 9.62833 acres as per Affordable Housing Policy dated 09.08.2013.
- (c). The maximum commercial component shall be i.e. 4% of the net planned area i.e. 0.3852 acre with FAR of 175.
- (d). The maximum FAR on the balance area i.e. 9.2431 acres shall not exceed 225. However it shall not include Community Buildings which shall be as per the prescribed norms the Building Plans of which shall have to be got approved from Director, Town and Country Planning, Haryana.

4. HEIGHT OF BUILDING :-

- (a). The height of the building block, subject of course to the provisions of the site coverage and FAR, shall be governed by the following:-
- (b). The maximum height of the buildings shall be as per the Haryana Building Code, 2017.
- (c). The plinth height of buildings shall be as per the Haryana Building Code, 2017.
- (d). All building blocks shall be constructed so as to maintain an inter-site distance not less than the set back required for each building according to the table below:-

S.No.	HEIGHT OF BUILDING (in meters)	SET BACK / OPEN SPACE TO BE LEFT AROUND BUILDINGS (in meters)
1	10	3
2	15	5
3	18	6
4	21	7
5	24	8
6	27	9
7	30	10
8	36	11
9	40	12
10	45	13
11	50	14
12	55 & above	16

- (e). If, such interior or exterior open space is intended to be used for the benefit of more than one building belonging to the same owner, then the width of such open air space shall be the one specified for the tallest building as specified in (c) above.

5. PARKING :-

- (a). The parking space shall be provided at the rate of half equivalent car space (ECS) for each dwelling unit.
- (b). Only one two-wheeler parking site shall be earmarked for each flat, which shall be allotted only to the flat owners. The parking bay of two-wheelers shall be 0.8 x 2.5 m.
- (c). No car parking shall be allocated to any apartment owner in such projects.
- (d). The balance available parking space, if any, beyond the allocated two-wheeler parking sites, can be earmarked as free-visitor-car parking space.
- (e). The area for parking per car shall be as under:-
 - (i) Basement 32 Sqm.
 - (ii) Stilt 28 Sqm.
 - (iii) Open 23 Sqm.
- (f). Adequate parking spaces, covered, open or in the basement shall be provided for vehicles of users and occupiers. In no circumstance, the vehicle(s) belonging/related to the plot/premises shall be parked outside the plot area.
- (g). The covered parking in the basement or in the form of multi level parking above ground level shall not be counted towards FAR. However, in case of multi level parking above the ground level the foot print of separate parking building block shall be counted towards ground coverage. In case of provision of mechanical parking in the basement floor/upper stories, the floor to ceiling height of the basement / upper floor may be maximum of 4.75 meter. Other than the mechanical parking the floor to ceiling height in upper floor shall not be more than 2.4 mtr. below the hanging beam.

6. APPROACH TO SITE :-

- (a). The vehicular approach to the site shall be planned and provided giving due consideration to the junctions with the surrounding roads to the satisfaction of the Competent Authority.
- (b). The approach to the site shall be shown on the zoning plan.

7. GATE POST AND BOUNDARY WALL :-

- (a). Such Boundary wall, railings or their combination, hedges or fences along with gates and gate posts shall be constructed as per design approved by Competent Authority. In addition to the gate/ gates an additional wicket gate not exceeding 1.25 meters width may be allowed in the front and side boundary wall provided that no main gate or wicket gate shall be allowed to open on the sector road/public open space.
- (b). The boundary wall shall be constructed as per the Haryana Building Code, 2017.

8. DENSITY :-

- (a). The minimum/maximum density of the population provided in the Colony shall be 750 to 900 PPA (person per acre) on the area of 5.2431 acres as per Affordable Housing Policy dated 09.08.2013.
- (b). For computing the density, the occupancy per main dwelling unit shall be taken as five persons per unit.

9. ACCOMMODATION FOR SERVICE POPULATION :-

No separate EWS category apartments shall be provided to eliminate any cross subsidy component and thus to avoid any adverse impact on the affordability of apartment made available under affordable housing policy dated 19th August, 2013.

10. LIFTS AND RAMPS :-

- a). Lifts & Ramps shall be constructed as specified in the Haryana Building Code, 2017.
- b). In building having more than four storeys, lift with 100% standby generators alongwith automatic switchover is mandatory alongwith staircase of requisite width and number. At least one lift with minimum size of 3.80 M x 3.00 M shall be provided.
- c). In building upto four storeys, if lifts with 100% standby generators along with automatic switchover are not provided then ramps conforming to the requirement of clause D-3 of Annexure-D of Part 3 of National Building Code-2005 shall be provided.

11. OPEN SPACES :-

While all the open spaces including those between the blocks and wings of Buildings shall be developed, equipped and landscaped according to the plan approved by DTCP, Haryana. At least 15% of the net planned area shall be developed as organized open space i.e. tot lots and play ground.

12. APPROVAL OF BUILDING PLANS :-

The building plans of the buildings to be constructed at site shall have to be got approved from the Director, Town & Country Planning, Haryana/ any other persons or the committee authorized by him, as per provision of Haryana Building Code-2017 (as amended time to time) before starting up the construction.

13. BUILDING BYE-LAWS :-

The construction of the building/buildings shall be governed by the Haryana Building Code, 2016 and Indian Standard Code No. 4053:1987 regarding provisions for Physically Handicapped Persons. The owner shall also follow the provisions of Section 46 of The Persons With Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995 which includes construction of ramps in public buildings, adoption of toilets for wheel chair uses, Braille symbols and auditory signals in elevators or lifts and other relevant measures. On the points where such rules are silent and stipulate no condition or norm, the model building bye-law issued by the Indian Standards, and as given in the National Building Code of India shall be followed as may be approved by DTCP, Haryana.

14. BASEMENT :-

- (a). The number of basement stories in Group Housing shall be as per the Haryana Building Code, 2017.
- (b). The construction of basement shall be executed as per the Haryana Building Code, 2017.

15. PROVISION OF COMMUNITY BUILDINGS :-

The coloniser shall be required to provide the following community sites in the project, which shall form part of the common areas and facilities as defined under the Haryana Apartment Ownership Act-1983.

- a). One built-up community hall of not less than 185.81 Sqm. area.
- b). One built up Anganwadi cum creche of not less than 185.81 Sqm. area.

16. APPROACH TO SITE :-

The vehicular approach to the site and parking lots shall be planned and provided giving due consideration to the junctions of and the junctions with the surrounding road to the satisfaction of the DTCP, Haryana.

17. FIRE SAFETY MEASURES :-

- a). The owner will ensure the provision of proper fire safety measures in the multi storeyed buildings conforming to the provisions of Haryana Building Code, 2016/National Building Code of India and the same should be got certified from the competent authority.
- b). Electric Sub Station/generator room if provided should be on solid ground near DG/T. Control panel on ground floor or in upper basement and it should be located on outer periphery of the building, the same should be got approved from the competent authority.
- c). To ensure fire fighting scheme shall be got approved from the Director, Urban Local Bodies, Haryana or any person authorized by the Director, Urban Local Bodies, Haryana. These approval shall be obtained prior to starting the construction work at site.

18. GENERAL :-

- (i). That the coloniser/owner shall obtain the clearance/NOC as per the provisions of the Notification No. S.O. 1533 (I) Dated 14.9.2005 issued by Ministry of Environment and Forest, Government of India before starting the construction/execution of development works at site.
- (ii). That the rain water harvesting system shall be provided as per Central Ground Water Authority norms/Haryana Govt. notification as applicable.
- (iii). That the coloniser/owner shall use only Light-Emitting Diode lamps (LED) fitting for internal lighting as well as Campus lighting.
- (iv). That the coloniser/owner shall ensure the installation of Solar Photovoltaic Power Plant as per the provisions of order No. 22/52/2005-SPower dated 21.03.2016 issued by Haryana Government Renewable Energy Department.
- (v). That the coloniser/owner shall strictly comply with the directions issued vide Notification No. 19/6/2016-SP dated 31.03.2016 issued by Haryana Government Renewable Energy Department.

ANNEXURE-VII
ARAVALI NOC

वन विभाग, हरियाणा सरकार
कार्यालय उप वन संरक्षक, क्षेत्रीय मण्डल, गुरुग्राम,
वन परिसर, सोहनारोड़, गुरुग्राम, दूरभाष-0124-2322057

क्रमांक:- 2209-6
सेवा में,

दिनांक:- 22/02/24

उपायुक्त,
गुरुग्राम।

विषय:- **NOC regarding applicability any forest law/notification (Aravali Notification dated 07.05.1992 and Clarification for IFA/1927/FCA/1982/Section 4 & 5 PLPA 1900/WLPA 1972 or any forest land) on the land measuring 9.684 Acres for setting up an affordable Group Housing Colony at Sector-36, village Dhunela, Sohna, District Gurugram, Haryana.**

सन्दर्भ:- आपके कार्यालय का पत्र क्रमांक 686/M.B. दिनांक 16.02.2024

संदर्भित पत्र के संदर्भ में आपको अवगत करवाया जाता है कि इस कार्यालय द्वारा दिनांक 16.10.2023 (M/s 4s Developers Pvt Ltd) को गांव-धुनेला, जिला गुरुग्राम के 13.69 एकड़ एरिया की फारेस्ट क्लेरिफिकेशन जारी की जा चुकी है। जिसकी छाया प्रति संलग्न है। अरावली नोटिफिकेशन बारे अनापत्ति प्रमाण पत्र हरियाणा प्रदूषण नियंत्रण बोर्ड द्वारा दिया जाना बनता है।

संलग्न/उपरोक्त

उप वन संरक्षक,
गुरुग्राम।

ANNEXURE-VIII

AAI NOC

भारतीय विमानपत्तन प्राधिकरण AIRPORTS AUTHORITY OF INDIA

PALM/NORTH/B/022824/928435

एअरआई/आर.एच.व्यू/सनआर/एटीएम/एनओसी/2024/182/674-77

मालिक का नाम एवं पता M/s 4S Developers Pvt. Ltd
OWNERS Name & Address 2nd Floor Hub 66, Sector-66, Gurugram,
Haryana
दिनांक/DATE: 19-03-2024
वैधता/ Valid Up to: 17-03-2032

ऊँचाई की अनुमति हेतु अनापत्ति प्रमाण पत्र (एनओसी) No Objection Certificate for Height Clearance

1) यह अनापत्ति प्रमाण पत्र भारतीय विमानपत्तन प्राधिकरण (भाविप्रा) द्वारा प्रदत्त दायित्वों के अनुक्रम तथा सुरक्षित एवं नियमित विमान प्रचालन हेतु भारत सरकार (नागर विमानन मंत्रालय) की अधिसूचना जी. एस. आर. 751 (ई) दिनांक 30 सितम्बर, 2015, जी. एस. आर. 770 (ई) दिनांक 17 दिसंबर 2020 द्वारा संशोधित, के प्रावधानों के अंतर्गत दिया जाता है।

1. This NOC is issued by Airports Authority of India (AAI) in pursuance of responsibility conferred by and as per the provisions of Govt. of India (Ministry of Civil Aviation) order GSR751 (E) dated 30th Sep.2015 amended by GSR770(E) dated 17th Dec 2020 for safe and Regular Aircraft Operations.

2). इस कार्यालय को निम्नलिखित विवरण के अनुसार प्रस्तावित संरचना के निर्माण पर कोई आपत्ति नहीं है।
2. This office has no objection to the construction of the proposed structure as per the following details:

अनापत्ति प्रमाणपत्र आईडी / NOC ID	PALM/NORTH/B/022824/928435

" हिंदी पत्रों का स्वागत है। "

भारतीय विमानपत्तन प्राधिकरण AIRPORTS AUTHORITY OF INDIA

PALM/NORTH/B/022824/928435

* जैसा आवेदक द्वारा उपलब्ध कराया गया / As provided by applicant*

3) यह अनापत्ति प्रमाण पत्र निम्नलिखित नियम व शर्तों के अधीन है: -

3. This NOC is subject to the terms and conditions as given below:

क) आवेदक द्वारा उपलब्ध कराए गए स्थल की ऊँचाई तथा निर्देशांक को, प्रस्तावित संरचना हेतु अनुमन्य अधिकतम ऊँचाई जारी करने के लिए प्रयोग किया गया है। भारतीय विमान पत्तन प्राधिकरण, आवेदक द्वारा उपलब्ध कराये गए स्थल की ऊँचाई तथा निर्देशांक की यथार्थता का ना तो उत्तरदायित्व वहन करता है, और ना ही इनको प्रमाणीकृत करता है। यदि किसी भी स्तर पर यह पता चलता है कि वास्तविक विवरण, आवेदक द्वारा उपलब्ध कराए गए विवरण से भिन्न है, तो यह अनापत्ति प्रमाण पत्र अमान्य माना जाएगा तथा कानूनी कार्यवाही की जाएगी। सम्बंधित विमान क्षेत्र के प्रभारी अधिकारी द्वारा एयरक्राफ्ट नियम 1994 (भवन, वृक्षों आदि के कारण अवरोध का विध्वंस) के अधीन कार्यवाही की जायगी।

a. Permissible Top elevation has been issued on the basis of Site coordinates and Site Elevation submitted by Applicant. AAI neither owns the responsibility nor authenticates the correctness of the site coordinates & site elevation provided by the applicant. If at any stage it is established that the actual data is different, this NOC will stand null and void and action will be taken as per law. The officer in-charge of the concerned aerodrome may initiate action under the Aircraft (Demolition of Obstruction caused by Buildings and Trees etc.) Rules, 1994",

ख) अनापत्ति प्रमाण पत्र के आवेदन में आवेदक द्वारा उपलब्ध कराए गए स्थल निर्देशांक को सड़क दृश्य मानचित्र और उपग्रह मानचित्र पर अंकित किया गया है जैसा कि अनुलग्नक में दिखाया गया है। आवेदक / मालिक यह सुनिश्चित करे कि अंकित किए गए निर्देशांक उसके स्थल से मेल खाते हैं। किसी भी विसंगति के मामले में, नामित अधिकारी को अनापत्ति प्रमाण पत्र रद्द करने के लिए अनुरोध किया जाएगा।

b. The Site coordinates as provided by the applicant in the NOC application has been plotted on the street view map and satellite map as shown in ANNEXURE. Applicant/Owner to ensure that the plotted coordinates corresponds to his/her site. In case of any discrepancy, Designated Officer shall be requested for cancellation of the NOC.

ग) एयरपोर्ट संचालक या उनके नामित प्रतिनिधि, अनापत्ति प्रमाण पत्र नियमों और शर्तों का अनुपालन सुनिश्चित करने के लिए स्थल (आवेदक या मालिक के साथ पूर्व समन्वय के साथ) का दौरा कर सकते हैं।

c. Airport Operator or his designated representative may visit the site (with prior coordination with applicant or owner) to ensure that NOC terms & conditions are complied with.

घ) संरचना की ऊँचाई (सुपर स्ट्रक्चर सहित) की गणना अनुमन्य अधिकतम ऊँचाई (ए एम एस एल) से स्थल की ऊँचाई को घटाकर की जायेगी। अर्थात्, संरचना की अधिकतम ऊँचाई = अनुमन्य अधिकतम ऊँचाई (-) स्थल की ऊँचाई।

d. The Structure height (including any superstructure) shall be calculated by subtracting the Site elevation in AMSL from the Permissible Top Elevation in AMSL i.e. Maximum Structure Height = Permissible Top Elevation minus (-) Site Elevation.

च) अनापत्ति प्रमाण पत्र जारी करना, भारतीय एयरक्राफ्ट एक्ट 1934, के सैक्शन 9-A तथा इसके अंतर्गत समय-समय पर जारी अधिसूचनाएं तथा एयरक्राफ्ट नियम (1994 भवन, वृक्षों आदि के कारण अवरोध का विध्वंस) के अधीन है।

e. The issue of the 'NOC' is further subject to the provisions of Section 9-A of the Indian Aircraft Act, 1934 and any notifications issued there under from time to time including, "The Aircraft (Demolition of Obstruction caused by Buildings and Trees etc.) Rules, 1994".

छ) कोई भी रेडियो/ टीवी एन्टीना, लाइटनिंग अरेस्टर, सीढिया, मुमटी, पानी की टंकी अथवा कोई अन्य वस्तु तथा किसी भी प्रकार के संलग्नक उपस्कर पैरा 2 में उल्लेखित अनुमन्य अधिकतम ऊँचाई से ऊपर नहीं जानी चाहिए।

f. No radio/TV Antenna, lightning arresters, staircase, Mumty, Overhead water tank or any other object and attachments of fixtures of any kind shall project above the Permissible Top Elevation as indicated in para 2.

क्षेत्रीय मुख्यालय उत्तरी क्षेत्र, परिचालन कार्यालय परिसर रंगपुरी, नई दिल्ली - 110037 दूरभाष संख्या - 91-11-25653566

Regional headquarter Northern Region, Operational Offices Complex Rangpuri, New Delhi-110 037 Tel: 91-11-25653566

" हिंदी पत्रों का स्वागत है। "

भारतीय विमानपत्तन प्राधिकरण AIRPORTS AUTHORITY OF INDIA

PALM/NORTH/B/022824/928435

ज) विमानक्षेत्र संदर्भ बिंदु के 8 KM के भीतर तेल, बिजली या किसी अन्य ईंधन का उपयोग जो उड़ान संचालन के लिए धुएं का खतरा पैदा नहीं करता है, ही मान्य है।

g. Use of oil, electric or any other fuel which does not create smoke hazard for flight operation is obligatory, within 8 KM of the Aerodrome Reference Point

झ) यह प्रमाणपत्र इसके जारी होने की तारीख से 8 साल की अवधि के लिए वैध है। एक बार रिवेलीडेशन की अनुमति दी जा सकती है, बशर्ते कि इस तरह का अनुरोध एनओसी की समाप्ति की तारीख से छह महीने के भीतर किया जाए और प्रारंभिक प्रमाणपत्र 8 साल की वैधता अवधि के भीतर प्राप्त किया जाए।

h. The certificate is valid for a period of 8 years from the date of its issue. One-time revalidation shall be allowed, provided that such request shall be made within six months from the date of expiry of the NOC and commencement certificate is obtained within initial validity period of 8 years.

ट) भवन के निर्माण के दौरान या उसके बाद किसी भी समय स्थल पर ऐसी कोई भी लाइट या लाइटों का संयोजन नहीं लगाया जाएगा जिसकी तीव्रता, आकृति या रंग के कारण वैमानिक ग्राउन्ड लाइटों के साथ भ्रम उत्पन्न हो। विमान के सुरक्षित प्रचालन को प्रभावित करने वाली कोई भी गतिविधि मान्य नहीं होगी।

i. No light or a combination of lights which by reason of its intensity, configuration or colour may cause confusion with the aeronautical ground lights of the Airport shall be installed at the site at any time, during or after the construction of the building. No activity shall be allowed which may affect the safe operations of flights.

ठ) आवेदक द्वारा विमानपत्तन पर या उसके आसपास विमान से उत्पन्न शोर, कंपन या विमान प्रचालन से हुई किसी भी क्षति के विरुद्ध कोई शिकायत/दावा नहीं किया जाएगा।

j. The applicant will not complain/claim compensation against aircraft noise, vibrations, damages etc. caused by aircraft operations at or in the vicinity of the airport.

ड) डे मार्किंग तथा सहायक विद्युत आपूर्ति सहित नाइट लाइटिंग (डीजीसीए भारत की वेबसाइट www.dgca.nic.in पर उपलब्ध) नागर विमानन आवश्यकताएं श्रंखला 'बी' पार्ट I। सैक्शन-4 के चैप्टर 6 तथा अनुलग्नक 6 में विनिर्दिष्ट दिशानिर्देशों के अनुसार उपलब्ध कराई जाएंगी।

k. Day markings & night lighting with secondary power supply shall be provided as per the guidelines specified in chapter 6 and appendix 6 of Civil Aviation Requirement Series 'B' Part I Section 4, available on DGCA India website: www.dgca.nic.in

ढ) भवन के नक्शे के अनुमोदन सहित अन्य सभी वैधानिक अनापत्ति, संबंधित प्राधिकरणों से लेना आवेदक की जिम्मेदारी होगी, क्योंकि इस ऊँचाई हेतु अनापत्ति प्रमाणपत्र लेने का उद्देश्य सुरक्षित एवं नियमित विमान प्रचालन सुनिश्चित करना है तथा इसे भूमि के स्वामित्व आदि सहित किसी अन्य उद्देश्य/ दावे के लिए दस्तावेज के रूप में प्रयोग नहीं किया जा सकता।

l. The applicant is responsible to obtain all other statutory clearances from the concerned authorities including the approval of building plans. This NOC for height clearances is only to ensure safe and regular aircraft operations and shall not be used as document for any other purpose/claim whatsoever, including ownership of land etc.

ण) इस अनापत्ति प्रमाणपत्र आईडी का मूल्यांकन Chillarki, I.G.I Airport, NIAJEWAR, Rohini Heliport, Safdarjung Airport, Sakras विमानक्षेत्रों के संबंध में किया गया है। यह अनापत्ति प्रमाणपत्र भारतीय विमान पत्तन प्राधिकरण के विमानक्षेत्रों और अन्य लाइसेंस प्राप्त सिविल विमानक्षेत्रों, जो जी. एस. आर. 751 (ई) जी. एस. आर. 770 (ई) द्वारा संशोधित के अनुसूची - III, अनुसूची - IV (भाग- I), अनुसूची- IV (भाग -2); केवल RCS हवाई अड्डे) और अनुसूची- VII में सूचीबद्ध हैं, के लिए जारी किया गया है।

m. This NOC ID has been assessed with respect to the Chillarki, I.G.I Airport, NIAJEWAR, Rohini Heliport, Safdarjung Airport, Sakras Airports. NOC has been issued w.r.t. the AAI Aerodromes and other licensed Civil Aerodromes as listed in Schedule - III, Schedule - IV (Part-I), Schedule- IV (Part-2); RCS Airports Only) and Schedule-VII of GSR 751(E) amended by GSR770(E)

Subject: Offline application for approval of Electrification Plan comprising of Ultimate Load of 4356.03kW or 4840.04kVA for Multi-Point Supply under HT/BDS category applied by M/s 4S Developers Pvt. Ltd. in the premises at Village-Dhunela, Sector-36, Sohna, Gurugram for setting up of Group housing colony over an area measuring 9.684 acres having license no. 235 of 2023 dated 02.11.2023 & 269 of 2023 dated 27.12.2023 under Operation Sub-Division, Sohna, Gurugram

Ref: -

1. Offline application submitted by the applicant on dated 10.10.2024.
2. The electrification plan without sanction of load is being approved of instant applicant as per instruction issued by CE/Commerical DHBVN, Hisar vide memo no. Ch-280/OLNC-HT/GL-15/Vol- V dated 08.02.2023.
3. This office email dated 15.10.2024 vide which eligibility for approval of EP along with TFR was sought from your office.
4. Eligibility for approval of EP & TFR supplied by your office vide memo no. Ch-162/DGR-7 dated 07.11.2024.
5. The following license details issued by DTCP: -

Case ID/ Scheme No.	License No.	License issued to	Total Area (In Acres)
LC- 5009	235 of 2023 dated 02.11.2023 having validity upto 01.11.2028	M/s 4S Developers Pvt. Ltd., 2nd Floor, Hub-66, Ansal Esencia, Sector-67, Gurugram-122002 for setting up of an Affordable Group Housing Colony over an area measuring 8.309 acre in revenue estate of village Dhunela, Sector 36, Sohna, Gurugram, along with land schedule issued by DTCP	9.684
	269 of 2023 dated 27.12.2023 having validity upto 27.12.2028	Sh. Ashutosh Verma S/o Baleshwar Verma, Mahesh Kumar S/o Hari Chand and 4S Developers Pvt. Ltd. in collaboration with 4S Developers Pvt Ltd., 2nd Floor, Hub-66, Ansal Esencia, Sector-67, Gurugram-122002 for setting up of an Affordable Group Housing Colony over an additional area measuring 1.375 acre (in addition to license no. 235 of 2023) in revenue estate of village Dhunela, Sector 36, Sohna, Gurugram, along with land schedule issued by DTCP	

The subject cited application has been considered in view of the eligibility and TFR of M/s 4S Developers Pvt. Ltd. conveyed by your office vide referred at Sr. No. 4 above as per the provisions of Sales Circular no. D-24/2019, S/C D-21/2020, S/C D-25/2024 & D-27/2022 respectively.

After having ensured the completeness of the application, in view of the documents & clarification provided by the applicant & your office, TFR received from your office, and various sales circulars, instructions issued by Nigam from time to time, the overall compliance status of the application is as under:-

Sr. No.	Documents required for sanction of Electrification Plan	Status
1.	Physical location of the site e.g. Sec, SEZ, IMT, Commercial Zone etc.	Offline application dated 10.10.2024 for Electrification Plan comprising of Ultimate Load of 4356.03kW or 4840.04kVA for Multi-Point Supply under HT/BDS category applied by M/s 4S Developers Pvt Ltd. in the premises at Village-Dhunela, Sector-36, Sohna, Gurugram for setting up of Group housing colony over an area measuring 9.684 acres having license no. 235 of 2023 dated 02.11.2023 & 269 of 2023 dated 27.12.2023 under Operation Sub-Division, Sohna, Gurugram along with documents (For reference documents are placed at Ch- 01-24 of case file).
2.	Category of consumers under which connection is being applied for mentioning therein, whether it is Single Point or Multi Point.	Applicant requires the Multi-point Connection as per S/C No. D-34/2023 & D-07/2024
Details of TFR for the Ultimate Load of 4356.03kW or 4840.04kVA (Copy placed at Ch-09 of correspondence file)		
A	Voltage level recommended in the TFR	11 KV level (In accordance with TFR supplied by concerned field officer).
B	No. of Power transformer installed at feeding substation with capacity (MVA)	25/31.5MVA T-I T/F, 1480Amps. in 5/2024 10/16MVA T-II T/F, 100Amps. in 7/2024 31/25.5MVA T-III T/F, 1520Amps. in 6/2024
C	Brief about the technical feasibility of the instant case.	<p>The connection will be fed from proposed 11KV 4S Developers Pvt. Ltd. Independent feeder emanating from 66KV Sub Station Sohna from T/F T-III.</p> <p>The Installation of additional power transformer 25/31.5MVA 66kv at 66KV S/Stn., Sohna is under process. It has now been intimated by XEN/TS Divn HVPNL Palwal vide their memo no. 760/TS/PWL dated 16.03.2024 (copy enclosed) that the work for augmentation of 66 kV Circuit of Badshahpur-Sohna line having 0.15 sq inch ACSR to HTLS conductor has been awarded to M/s JSK industries Pvt Ltd vide PO no HDP-80/EPC-D- 95/PD&C/XEN/Contract dated 09.03.2024 scheduled completion of 12 months.</p> <p>However, electrification plan without sanction of load can be sanction of instant applicant vide which instruction issued by CE/Commerical DHBVN, Hisar vide memo no. Ch-280/OLNC-HT/GL-15/Vol- V dated 08.02.2023.</p>

In view of the completeness of the application, documents & clarification provided by the applicant, eligibility of the builder for approval of EP conveyed by your office followed by TFR received from the

field office, and various sales circulars, instructions issued by Nigam from time to time, and further Electrification Plan comprising of ultimate load of 4356.03kW or 4840.04kVA for Multi-Point Supply under HT/BDS category applied by M/s 4S Developers Pvt. Ltd. in the premises at Village-Dhunela, Sector-36, Sohna, Gurugram for setting up of Group housing colony over an area measuring 9.684 acres having license no. 235 of 2023 dated 02.11.2023 & 269 of 2023 dated 27.12.2023 under Operation Sub-Division, Sohna, Gurugram (Herein referred to as Builder/Developer/Colonizer/Applicant), in view of the powers conferred upon to this office vide S.C. No. D-06/2023 issued by Nigam & further instructions issued by CE/Comml. DHBVN, Hisar vide memo no. Ch-280/OLNC HT/GL/VOL-V dated 08.02.2023 regarding processing of approval of EP where there is system constraints is as under:-

I. Load Calculation details for Multi Point Connection are as under:-

Domestic Load including lifts, Water Supply Pumps and fire fighting pumps. (KW)	Load of common facilities for residents (KW)	Total Domestic Load (KW)	Any other NDS Load (KW)	Total Ultimate Load in KW
A	B	C=A+B	D	E=C+D
3494.89	472.14	3967.03	389	4356.03

- II. The Ultimate Load of 4356.03kW or 4840.04kVA of the developers' Group Housing colony/licensed area shall be fed at 11KV level from proposed 11KV 4S Developers Pvt. Ltd. Independent feeder emanating from 66KV Sub Station Sohna from T/F T-III (31/25.5MVA T/F, 66/11KV) as per TFR remarks.
- III. The above proposal of electricity feeding arrangements to the project area of the developer/builder shall however be without prejudice to the rights of DHBVN to alter or modify it further, based on the future evolution of 11KV system/network in the areas, system conditions including reliability & redundancy, topographical conditions, and technical assessment, for the optimum utilization of the electrical resources.
- IV. As per the instant EP, further development of the electrical infra for the project area shall be obligatory on part of the builder/developer as per HERC Regulation 4.6 & any other similar enabling provisions under the said regulation - HERC Duty to Supply Electricity on Request and Power to Recover expenditure and Power to Recover Security Regulations, 2016 (1st Amendment) Regulation, 2020 circulated vide Sales Circular No. D-12/2020 dated 25.06.2020 & Instruction no. 09/2011/P&D or 02/2019/PD&C (as applicable) of CE/PD&C, DHBVN, Hisar issued by the Nigam.
- V. System of electricity distribution in the project area shall be created by the builder/developer/colonizer along with the installation of Distribution T/F's (2x2000KVA (33/0.433KV) + 2x1500KVA (33/0.433KV) = 7000KVA (33/0.433KV) against Ultimate Load of 4356.03 KW or 4840.04 KVA in accordance with the Instruction no. - 09/2011/P&D of CE/PD&C DHBVN, Hisar and/or any other similar enabling provisions & regulations
- VI. As per HERC Regulation No. 4 (4.12) – Power to Recover Expenditure – Duty to Supply circulated vide Sales Circular No. D-12/2020 dated 25.06.2020 and Sales Circular No D-21/2020 Dt: 07.09.2020, time shall be an essence for the creation of complete Electrical Infrastructure by the builder/developer, as per their execution plan, and the validity of this approval/sanction shall be further sacrosanct towards the same. Accordingly, it shall be ensured by SE (OP) Circle-II, Gurugram that 11KV Infrastructure is created by the builder/developer within the specified time.
- VII. As per the Single Point Regulations 2020, circulated by Nigam vide Sales Circular D-17/2020 and further Sales Circular No D-21/2020, this approval of EP in the name of M/s 4S Developers Pvt. Ltd. shall remain sacrosanct and Multi Point electricity connection under HT/BDS category / Temporary connection (as required) shall be released in the project area of the developer/builder/applicant strictly as per the provisions contained in the ibid regulations.
- VIII. However, management of the service connection request including the metering & billing activities of individual consumers by the builder/developer/colonizer/user association within the area of Multi Point Supply shall be strictly as per the provisions of Sales Circular

h

no. D-23/2022 issued in adherence to the provisions of the extant Single Point Regulations 2020 framed by HERC.

- IX. With this EP, release of any Temporary/Permanent electricity connection to the builder/developer/applicant for their project area shall be contingent upon timely submission of BG(s) and deposit of EESDC (if applicable) by the builder/developer/applicant for the creation of the electrical infrastructure (as per the approved EP) in terms of the HERC Regulation Duty to Supply Electricity on Request and Power to Recover Expenditure and Power to Recover Security Regulation 2016 (2nd Amendment & 3rd Amendment) Regulation, 2023 circulated vide Sales Circular No. D-32/2023 dated 26.10.2023 and further Sales Circular No D-21/2020 & D-34/2023 circulated by Nigam. Accordingly, it shall be ensured that the required BG(s) and deposit of EESDC (if applicable) is/are submitted by the builder/developer/applicant within specified time.
 - X. Safe custody of the BG(s) submitted by the builder/developer and its verification using SFMS (Structured Financial Messaging System), as per FA&CAO/MM, DHBVN, Hisar office Memo no. Ch-2138/FA&CAO/MM dated 12.09.2022, shall remain sacrosanct besides monitoring the validity of BG(s) closely during the entire period.
 - XI. As per the provisions of Sales Circular D-21/2020 dated 07.09.2020, it shall have to be ensured that no electricity connection and load is released to the builder/developer/applicant or subsidiary or sister concern/partnership firm thereof as well as to the premise, having any pending dues of Nigam or defaulter of any kind whether disputed or undisputed.
 - XII. This Electrification Plan comprising the load may be deemed as finally approved upon, confirmation of deposit of Bank Guarantee (BG) in favor of the Nigam by the builder/developer/applicant or its subsidiary/sister concern/partnership firm, as well as for the premise (if any), payment of ACD charges, processing fee, and other requisite charges, fulfillment of all other terms and conditions/instructions of the Nigam and shall be released at 11KV level as per the various instructions issued by the Nigam.
2. Accordingly, the matter be perused further for releasing any temporary & permanent connection(s) to the applicant in the project area of builder/developer within the stipulated timeframe strictly under the existing instructions and provisions of HERC Regulation 4 of the Electricity Supply Code – "Procedure for release of New Connection and modification in existing connection" circulated vide Sales Circular no. D-07/2020 dated 28.03.2020. Provisions contained in HERC Regulation no. HERC/49/2020 for single point supply (along with the amendments issued vide Sales Circular No D-03/2021) and its compliances shall also be sacrosanct towards the release of connection along with the provisions contained in Sales Circular No D-21/2020 Dt: 07.09.2020 & 34/2023 issued by Nigam.
 3. Various activities involved in giving supply of electricity including processing of application, issue of demand notice, inspection and testing of the consumer's installation and release of connection shall be undertaken as per procedure specified under Regulation 4 of Electricity Supply Code.
 4. While releasing the Electricity Connection/Load/Contract Demand to the applicant, it is also to be ensured that the following statutory requirements are duly complied with in letter & spirit of the instructions of Nigam (as amended from time to time): -
 - I. The applicant(s) has/have complied with the procedure and conditions as specified in Regulation 4 of the Electricity Supply Code.
 - II. All the documents required to be submitted by the applicant(s) in support of proof of ownership/legal occupation of the premises, proof of identity and other documents, are complete and dully verified in addition to the verification of the category of connection as per its applicability in view of the schedule of tariff circulated vide Sales Circular no. D-29/2013 dated 25.06.2013 further to be read in conjunction with Sales Circular No. D-15/2023 dated 30.05.2023
 - III. All general and miscellaneous charges payable against the application are fully recovered in accordance with the Regulation No. HERC/34/2016/1st amendment/2020 Dated 19th March'20 (Duty to supply electricity on request, power to recover expenditure incurred and power to require security); circulated vide Sales Circular No. D-12/2020 dated 25.06.2020 and as per provisions contained in D-34/2023 issued by Nigam from time to time.

- IV. All the provisions as contained in the HERC Regulation No. HERC.29/2014 (2nd amendment) dated 8th January 2020 (Electricity Supply Code 2014; circulated vide Sales Circular No. D-07/2020 dated 28.03.2020) are fully complied with and are strictly adhered to.
- V. Assessment of the Technical Feasibility Report for the Ultimate Load, recommendations for the supply source & supply level and planning for the distribution infrastructure is in strict adherence to the notification(s) of HERC Regulations 3.1 & 3.2 of the Electricity Supply Code and further as per provisions contained in D-34/2023 issued by Nigam from time to time.
- VI. Execution Plan is submitted by the applicant and development of electrical infra by the developer and DHBVN is as per the technical service estimate to be prepared in line with the planning & design and technical specifications and constructions standards of the Nigam.
- VII. Before commencement of the development works/activities in the development area, the estimate is duly approved and sanctioned by the competent authority of the Nigam.
- VIII. The service connection charges or actual expenditure to recover such expenses are computed and got deposited from the applicant in accordance with HERC Regulation No. 4 – Power to Recover Expenditure – Duty to Supply circulated vide Sales Circular No. D-32/2023 dated 26.10.2023.
- IX. All the relevant provisions, as contained in the Instruction no. 02/2019/PD&C (as applicable) of CE/PD&C, DHBVN, Hisar issued by the Nigam, are fully complied with, and are strictly adhered to.
- X. In case of the development of Electrical Infrastructure requiring any specific clearances and approvals from local bodies, forest dept. or any other govt. dept., the same shall be the responsibility of the applicant/developer and in this regard all incidental charges shall be borne by the applicant/developer.
- XI. In case of the builder/developer opting for the creation of the electrical infrastructure at its own as per the planning, design, and technical specifications of Nigam, the same may be got carried out through a Licensed Electrical Contractor under Regulation 3.10 of Duty to Supply Regulations. However, inspection for the quality check of the major items is got carried out from Nigam's authorized person before erection of major items besides the quality check of the electrical infrastructure works from time to time. In such instances the supervision charges (As applicable under Regulation 3.10 of Duty to Supply Regulations) are also paid by the applicant to Nigam as the case may be.
- XII. In case the builder/developer so desires to get the complete electrical infrastructure erected & commissioned from DHBVN, the applicant/developer shall be required to deposit the value of such infrastructure with DHBVN as per the instructions of the DHBVN for the said work and accordingly the same shall be executed by DHBVN.
- XIII. Validity of license No. 235 of 2023 dated 02.11.2023 & 269 of 2023 dated 27.12.2023 having validity upto **01.11.2028 & 27.12.2028** shall always remain sacrosanct. In the event of the license getting expired, the same is to be got renewed from DTCP by the builder/developer well in time as per Sales Circular No. D-21/2020.
- XIV. In future, if any other new project/area/license is added/deleted under the same scheme & it results into load change requirement, in that case the complete Electrification Plan (EP) along with the Ultimate Load shall be got approved afresh as per the prevailing instructions of Nigam.
- XV. Seniority for release of connection is maintained in view of the provisions contained in SMI 1.24 and provisions of SMI 4.2 is adhered to in respect of site for installation of energy meter. These requirements are also to be read in conjunction with the similar requirement stipulated under HERC Electricity Supply Code Regulation No. 29/2014 & amendment thereof circulated vide Sales Circular No. D-07/2020 dated 28.05.2020.
- XVI. Along with the release of Multi Point Connection, under HT/BDS category, with installation of a suitable energy meter, system of AMR is installed by M&P wing of DHBVN, and its connectivity is established with the Head End System deployed at Data Center Hisar.
- XVII. Upon creation of new electrical assets and release of connection, the system of GIS is also duly got updated w.r.t the asset mapping and consumer indexing.
- XVIII. In case of any deviation from the SOP in the timelines for release of the instant connection(s), dormancy is availed in the matter with full justification to avoid any noncompliance of the RTS Act & HERC Duty to Supply Regulations - SOP.
- XIX. With regards to the installation of Solar Photovoltaic Power Plant, the notification no. 22/52/2005-5 Power Dt: 21st March '16 of Haryana Renewal Energy Department, circulated by Nigam vide Sales Circular No: D-42/2016 Dt: 30.12.2016 along with its amendment vide Sales Circular No: D-10/2017 Dt: 16.02.2017, is adhered to by the applicant.

h

- XX. Applicability of any other fundamental instructions & regulations of Nigam not specified above but otherwise deemed mandatory for the instant case.
- XXI. With regards to the above terms & conditions of Electrification Plan, an undertaking is also obtained on NJSP (Duly Notarized) from M/s 4S Developers Pvt. Ltd., before processing the instant matter, towards its acknowledgment, acceptance, and fulfillment thereof.

5. This Electrification Plan comprising of Ultimate Load 4356.03kW or 4840.04kVA applied by M/s 4S Developers Pvt. Ltd. for setting up of Group housing colony over an area measuring 9.684 acres in Sector-93, Gurugram, shall be contingent upon the compliance of the above requirements. For any misrepresentation of the information & facts and non-compliance, this approval shall become void ab-initio. If any of the information & fact found/noticed to be fabricated and deluded at any stage, which may otherwise lead to explicit or implicit loss to Nigam, M/s 4S Developers Pvt. Ltd. is liable to make good such loss to Nigam. This shall however be without prejudice to the rights of Nigam to take further recourse in the matter as per the legal remedies available with the Nigam.

V. K. Aggarwal
Chief Engineer 'OP',
DHBVN, Delhi

Endst. No:Ch- 1) /CE-OP/DELHI/GGN-M/EP-134

Dated: 13-11-2024

A copy of the above is also being forwarded to the following for their information of the matter please and with further request to ensure system infrastructure readiness and availability at HVPN end for the off take of the power requirements to the instant applicant please.

1. CE/TS, NCR, HVPNL, Panchkula.
2. CE/Planning, HVPNL, Panchkula.
3. SE/TS, HVPNL, Gurugram.
4. SE M&P, DHBVN, Hisar for the information of the matter and ensuring compliance w.r.t. Sr. No. 4 (XVI).
5. XEN (OP) Sohna, DHBVN, Gurugram for information and further necessary action.
6. SDO (OP), Sohna, DHBVN, Gurugram for information and further necessary action.

V. K. Aggarwal
Chief Engineer 'OP'
DHBVN, Delhi

Endst. No: Ch- 12 /CE-OP/DELHI/GGN-II/EP-134

Dated: 13-11-2024

A copy of the approval/sanction letter is also being forwarded M/s 4S Developers Pvt. Ltd. in the premises at Sector-93, Gurugram for their information and further compliance of the same. It is also being made clear that this approval of Electrification Plan comprising of Ultimate Load of 4356.03kW or 4840.04kVA under HT/BDS has been accorded in view of the documents & details furnished by you

along with the application and shall be contingent upon the compliance of the aforementioned requirements. For any misrepresentation of the information & facts and non-compliance this approval shall become void ab-initio. If any of the information & fact found/noticed to be fabricated and deluded at any stage, which may otherwise lead to explicit or implicit loss to Nigam, you shall be liable to make good such loss to Nigam. This shall however be without prejudice to the rights of Nigam to take further recourse in the matter as per the legal remedies available with the Nigam.

V. K. Aggarwal
Chief Engineer 'OP'
DHBVN, Delhi

Copy to:-

1. SPS to Director/OP, DHBVN for information of Director please.
2. Chief Engineer/Commercial DHBVN, Hisar for information of the matter please.
3. Chief Town Planner, DTCP, Haryana, Plot No. 3, Sec-18A, Madhya Marg, Chandigarh for information of the matter.

ANNEXURE-XII
IGBC CERTIFICATE

Confederation of Indian Industry

Indian Green Building Council (IGBC)

hereby precertifies

Affordable Group Housing, Sector-36, Sohna, Gurugram (LC No. 235 & 269 of 2023)

ASTER AVENUE 36 BY 4S DEVELOPERS PVT. LTD.

(IGBC Registration No. GAH240389)

*The project has demonstrated intent to design and build
high performance building in accordance with*

IGBC Green Affordable Housing Rating System

Precertified Gold

October 2024

(Precertification is valid for 3 years, renewed based on six monthly progress updates till certification)

K S Venkatagiri

Executive Director, CII-Godrej GBC

ANNEXURE-XIII
AIR QUALITY MANAGEMENT PLAN

Air Quality Management Plan

A. CONSTRUCTION PHASE

1. Objective

To control and reduce air pollution and particulate matter (PM₁₀ and PM_{2.5}) emissions arising from site development, construction, and associated activities.

2. Sources of Air Pollution

- Site clearance, excavation, and earthwork
- Transportation and unloading of materials
- Cutting, grinding, and mixing activities
- Movement of heavy vehicles and machinery
- Temporary storage of construction material
- Wind erosion of exposed surfaces

3. Dust Mitigation Measures

3.1 Site Preparation & Earthwork

- Regular water sprinkling on exposed soil and excavation areas
- Compaction of soil to reduce wind-blown dust
- Provide earthwork stabilisation/ soil compaction/vegetation

3.2 Material Handling & Storage

- Use of covered storage for sand, aggregates, cement, and soil
- Storage yards to be away from sensitive receptors (residences, schools, hospitals)
- Use of pre-mixed concrete

3.3 Transportation

- Covering of vehicles transporting loose materials with tarpaulin/green nets
- Wheel washing facility at exit points
- Only vehicles possessing a valid Pollution Under Control (PUC) certificate shall be permitted entry into the project site

3.4 Construction Operations

- Use of screens/barricades/wind breaking walls, or green mesh around work areas
- Minimize on-site concrete mixing and use of batching plants with enclosures
- Using Wet jet during grinding and cutting work
- Avoid dry sweeping; prefer wet cleaning or vacuum cleaners

3.5 Technological Interventions

- Use of anti-smog guns, especially during peak dust activities/GRAP
- Installation of onsite monitoring system for air quality monitoring

3.6 Monitoring

- Ambient air quality monitoring (PM₁₀, PM_{2.5}, NO₂, SO₂) at site.
- Display real-time air quality data at project entry gate

3.7 Documentation

- Logbooks for water sprinkling and dust suppression equipment usage

3.8 Health & Safety

- Provide PPEs like dust masks and eye protection to workers
- Conduct monthly awareness and training sessions on dust control

B. POST-CONSTRUCTION / OPERATIONAL PHASE

1. Objective

To maintain indoor and ambient air quality within acceptable limits and ensure long-term health and environmental safety for residents and surrounding community.

2. Indoor Air Quality (IAQ) Measures

- Use of low-VOC paints, adhesives, and sealants in interior finishing
- Adequate natural and mechanical ventilation as per NBC 2016 provisions

3. Outdoor Dust & Air Quality Control

- Paved internal roads to avoid suspension of dust
- Landscaping with dust-binding plants and grass over open soil
- Maintenance of green belt around the site
- Avoid dry sweeping; prefer wet cleaning or vacuum cleaners

4. DG Set & Emission Control

- Use of enclosed DG sets conforming to CPCB/SPCB Norms
- Stack height as per CPCB/SPCB guidelines for adequate dispersion
- Use of low-sulphur diesel
- Regular maintenance and emission monitoring

5. Parking & Vehicular Emissions

- Adequate basement and surface parking to avoid traffic congestion
- Encourage electric vehicle (EV) charging stations

6. Ambient Air Monitoring

- Air quality monitoring (PM, NO₂, SO₂) through NABL-approved labs
- Display of air quality information on digital boards at entry/exit gates

7. Resident Awareness

- Awareness programme on air pollution and preventive actions
- Encouraging indoor plants and air-cleaning green balconies

ANNEXURE-XIV
ENVIRONMENTAL MONITORING
REPORTS

Newcon Consultants & Laboratories

(GOVERNMENT APPROVED TESTING LABORATORIES)
An ISO 9001 : 2015, ISO 14001 : 2015, ISO 45001 : 2018 Certified Laboratory

Test Report

Test Report No. NCL/ED-063/23/09/25	Date of Report: 27/09/2025
Name and Address of Customer	M/S 4S Developers Private Limited Village – Dhunela, Sector-36, Sohna, Haryana
Name of Project	Affordable Group Housing Project

Sampling Detail

Sample Name	: Ambient Air	Analysis End Date	: 27/09/2025
Analysis Start Date	: 23/09/2025	Sampling Done By	: NCL
Date of Sampling	: 22/09/2025		
Time of Sampling	: 10:20 AM (22/09) TO 10:20 AM (23/09)		
Sampling Location	: On Site Project		
Sampling Protocol	: IS:5182		
Sampling Flow Rate for SPM(Average)	: 1.24 Mtr ³ /Min	Sampling Machine placed at Height(from ground)	: 3.0 mtr
Sampling Flow Rate for Gas	: 0.5 LPM	Sampling Duration	: 24 Hrs.
Equipment Used	: Respirable Dust Sampler (PM 10) + Fine Particulate Sampler (PM 2.5) With Gaseous Attachment.		

Physical Observations

Ambient temperature	: 34°C	Wind Direction	: East to West
Weather Condition	: Clear		

Test Result

S.No	Parameter	Unit	Protocol	Result	Specification/ Limit (as per CPCB)
1	Particulate Matters (Size Less Than 10µm) (PM ₁₀)	µg/m ³	IS:5182 Part 23	95	For 24 Hrs. = 100
2	Particulate Matters (Size Less Than 2.5µm) (PM _{2.5})	µg/m ³	NCL/AIR/STP-09	58	For 24 Hrs. = 60
3	Sulphur Dioxide (SO ₂)	µg/m ³	IS:5182 (Part 2)	18.3	For 24 Hrs. = 80
4	Nitrogen Dioxide (NO ₂)	µg/m ³	IS:5182 (Part 6)	33.2	For 24 Hrs. = 80
5	Carbon Monoxide (CO)	mg/m ³	IS:5182 (Part 10)	0.65	For 08 Hrs. = 02, For 1 Hrs. = 04

To

M/s 4S Developers Pvt. Ltd.,
Office Add: - 2nd Floor, HUB 66, Opp. Ansal Esencia,
Sector-67, Gurugram.

Memo No: 25829

Dated: 05/02/2024

Sub: -

Assurance of Water Supply of 20KLD drinking water for labor/staff during construction phase and 1092KLD water during operation phase for our proposed Affordable Group Housing Colony on land admeasuring 9.684 Acres (License No-269 of 2023 dated 28.12.2023 & 235 of 2023 dated 02.11.2023) at Sector-36, Sohna, Haryana being developers by 4S Developers Pvt. Ltd.

Ref: -

Your application dated 29.01.2024 on the above noted subject.

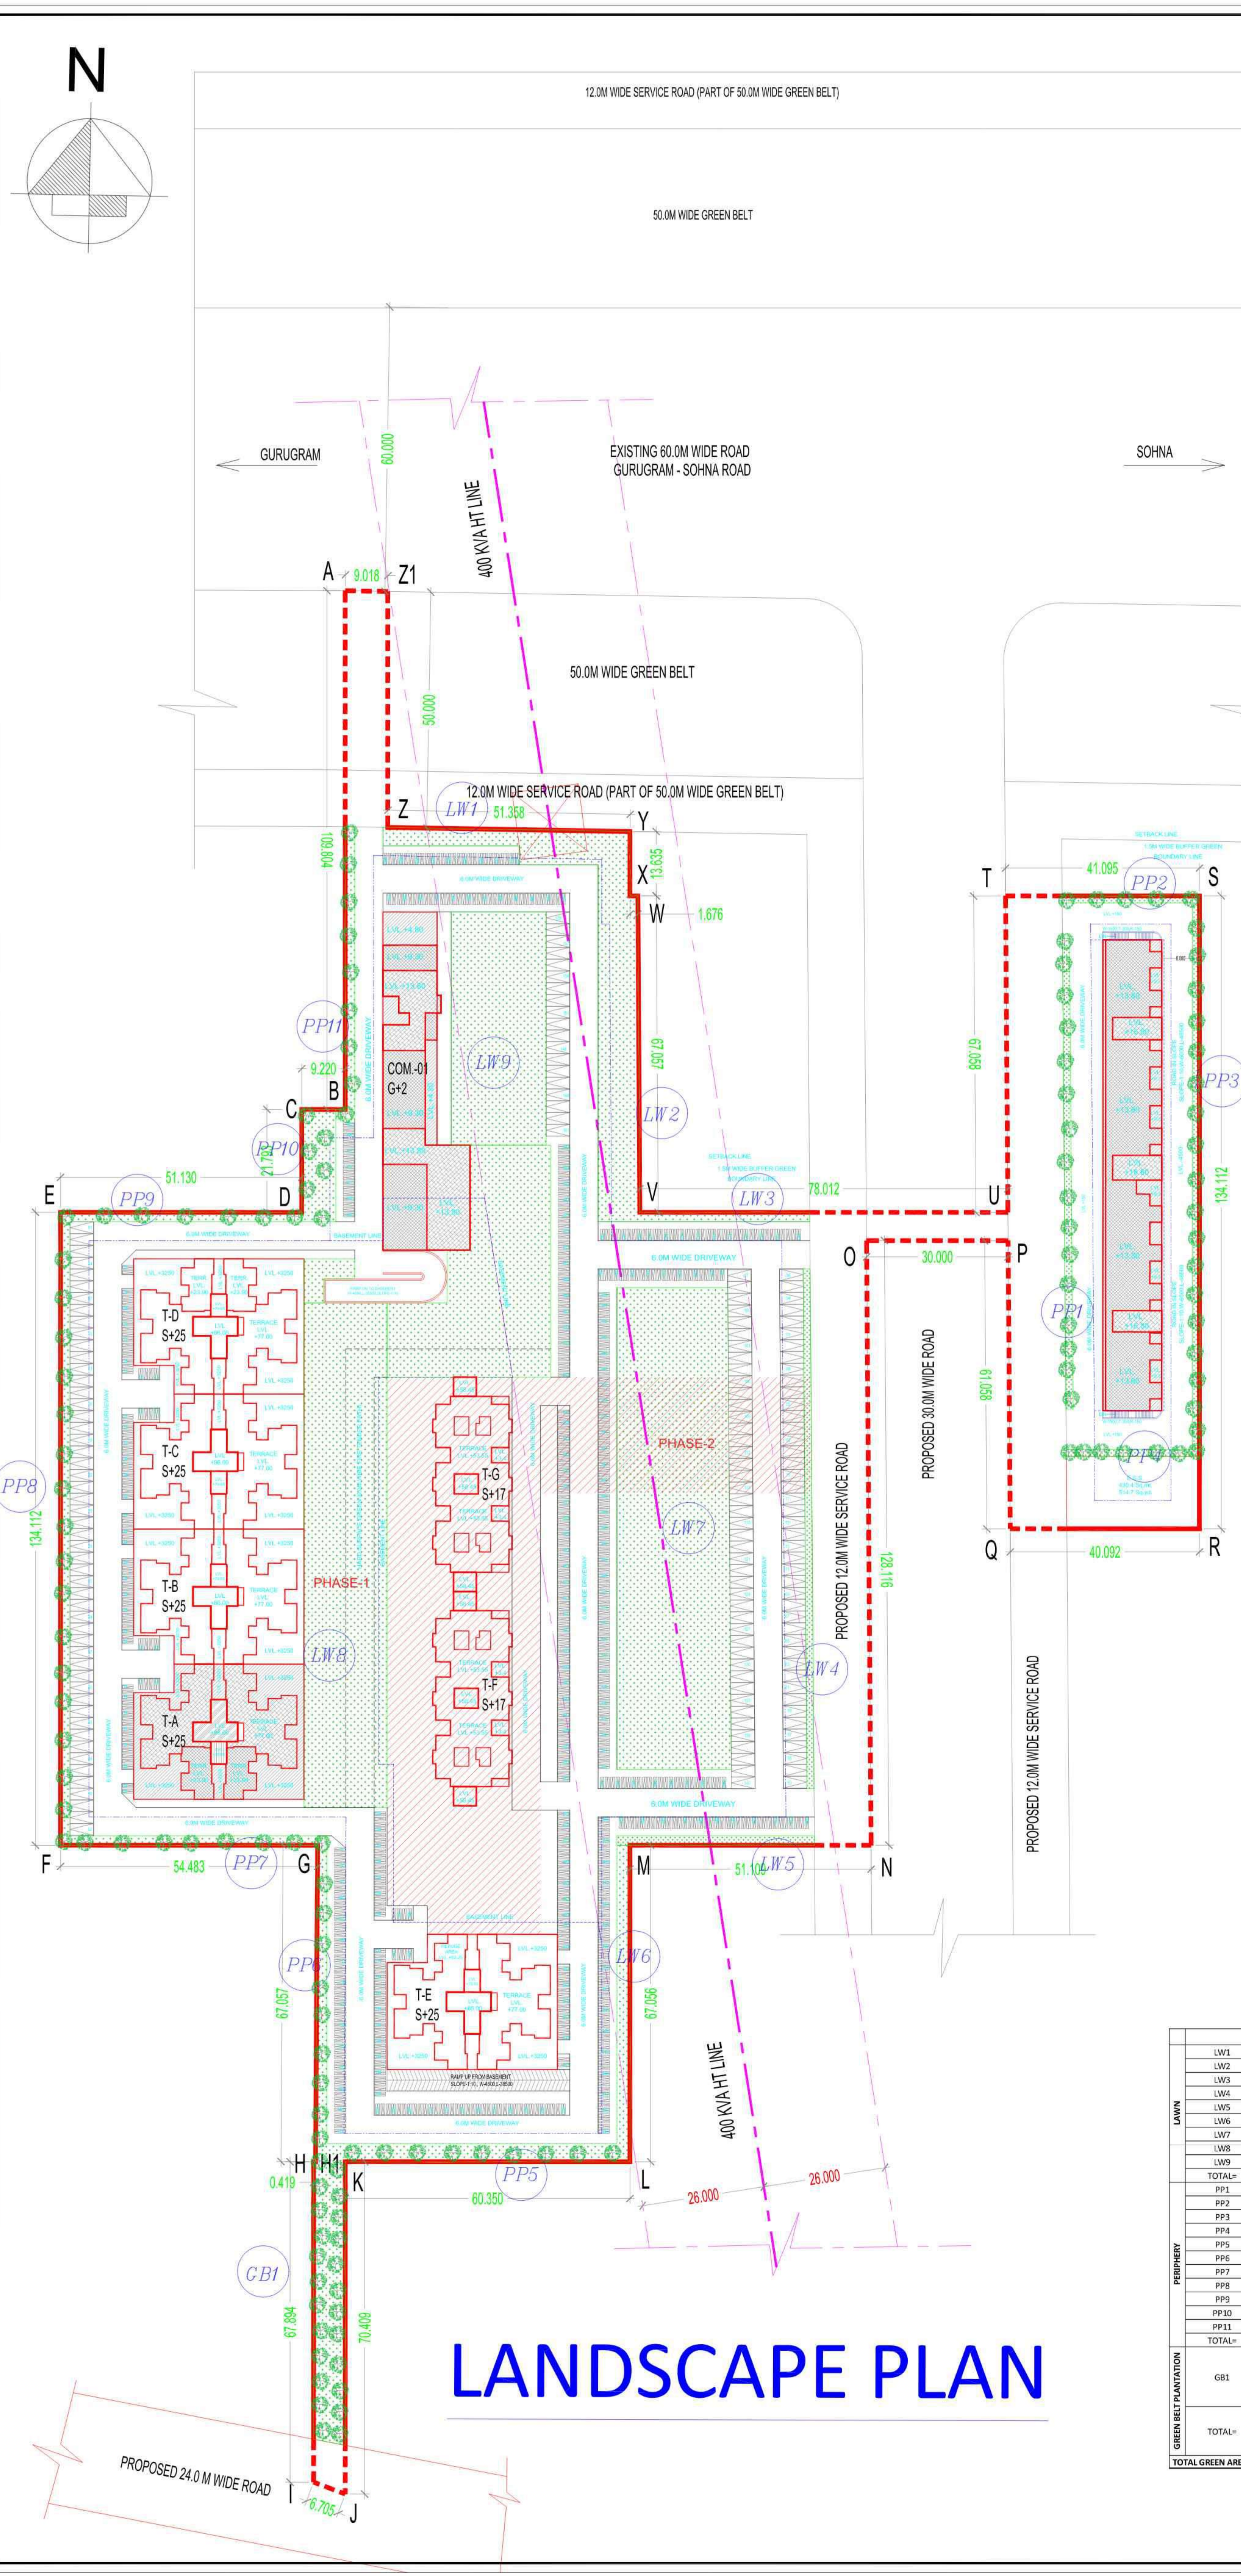

In this context, it is intimated that the land for Master Roads, Water Supply, Sewerage & SWD, for master plan of 2031-AD for Urban Estate, Sohna has yet not been acquired and master services of Water Supply will be planned after acquisition of land accordingly. After approval and execution of Water Supply Scheme, the water supply connection will be sanctioned on your request as per HSVP by law.

This is for your kind information please.

ANNEXURE-XX
ASSURANCE FOR SEWERAGE
DISCHARGE

हरियाणाशहरीविकासप्राधिकरण

OFFICE OF THE EXECUTIVE ENGINEER,
HSVP DIVISION No. VI, GURUGRAM
Primary School Building, M-Block, South City-
I Near Plot No-M-217.

By Email/By Dak/By Hand

To

M/s 4S Developers Pvt. Ltd.,
Office Add: - 2nd Floor, HUB 66, Opp. Ansal Esencia,
Sector-67, Gurugram.

Memo No: 25824

Dated: 05/04/2024

Sub: - Request for assurance of Sewerage Connection for discharge of 920KLD per day for or Affordable Group Housing Colony on land admeasuring 9.684 Acres (License No-269 of 2023 dated 28.12.2023 & 235 of 2023 dated 02.11.2023) at Sector-36, Sohna, Haryana being developers by 4S Developers Pvt. Ltd.

Ref: - Your application dated 29.01.2024 on the above noted subject.

In this context, it is intimated that the land for Master Roads, Water Supply, Sewerage & SWD, for master plan of 2031-AD for Urban Estate, Sohna has yet not been acquired and master services of Sewerage Line will be planned after acquisition of land accordingly. After approval and construction of Sewerage Treatment Plant & lying of master sewer line, the Sewerage connection will be sanctioned on your request as per HSVP by law.

This is for your kind information please.

DA/- Nil

Executive Engineer,
HSVP, Division No-VI,
Gurugram. 81.

ANNEXURE-XXV
DISASTER MANAGEMENT PLAN

Disaster Management Plan

A. PRECAUTION & MITIGATORY METHODS TO PREVENT DISASTERS:

- Complex is planned to reduce the impact of disasters and to encourage recovery.
- A disaster management cell would be established which will take care of post disaster scenario.
- It would be a volunteer kind of set-up and professionals can also be hired in case of eventuality.
- Complex management and maintenance agency will prepare an integrated, comprehensive management plan.

B. PRECAUTION & MITIGATORY METHODS TO PREVENT DISASTERS:

(Earthquake Management)

- At the time of designing and constructing the building due care would be taken to have earthquake resistant structures which will conform to IS 1983.
- New systems and devices using non-conventional civil engineering materials would be developed to reduce the earthquake forces acting on structure.

C. PRECAUTION & MITIGATORY METHODS TO PREVENT DISASTERS:

(Fire Hazard)

- Fire safety would be taken into account and would follow all the safety norms and regulations as per the NBC and other related Indian Standards.
- All electrical cables would be underground and sophisticated modern electrical distribution system to reduce risk of fire.
- Special firefighting equipment's like Automatic Fire Detection and alarm system, automatic Sprinkler System etc. would be installed as per the NBC standards.
- Risk assessment with onsite disaster management plan will be specified to fire, smoke and other emergency conditions.

Bihar restricts 35% quota in govt jobs to resident women

Subhash Pathak
letters@hindustantimes.com

PATNA: The Bihar cabinet on Tuesday decided that the existing 35% quota for women in government jobs will now be restricted to only permanent residents of the state, with the decision just months ahead of the crucial assembly polls coming amid a growing demand from jobseekers as well as political opponents for the implementation of a domicile policy in government jobs.

The cabinet, chaired by chief minister Nitish Kumar, also approved the formation of the Bihar Youth Commission, which is aimed at providing more employment opportunities to the young population in the state. It also increased the pension for widowed and differently abled women to ₹1,000 per month from earlier ₹400.

"The cabinet approved an important proposal of the General Administration Department, allowing the 35% quota for women in government jobs to be restricted only for permanent residents of Bihar. The new policy will enhance financial independence and job security for permanent resident women of the state," additional chief secretary (Cabinet Secretariat) S Siddhartha told reporters after the cabinet meeting.

The Nitish Kumar-led government had introduced 35% reservation for women, including those from other states, in government jobs at all levels in 2016. After the cabinet decision, women who are not a permanent resident, or domiciled, of Bihar would not be eligible to avail the 35% state jobs quota.

Ahead of the assembly polls, which are likely to be held in October-November this year, the demand for the implementation of a domicile policy has been growing. Leader of Opposition in the state assembly Tejashwi Prasad Yadav has promised to implement "100% domicile" in the state if his party, the Rashtriya Janata Dal (RJD), comes to power following the polls.

Key cabinet decisions

35% quota now only for domiciled women
The cabinet decided that the existing 35% quota for women in govt jobs will now be restricted to only permanent residents of Bihar

Bihar Youth Commission set up
The government is looking to provide more employment opportunities to the young population in the state

Pension for widows raised
The state cabinet has raised the pension given to widowed and differently abled women to ₹1,000 per month from ₹400 per month earlier

Union minister Chirag Paswan, whose Lok Janshakti Party (Ram Vilas) is an ally of the ruling Bharatiya Janata Party-led National Democratic Alliance (NDA) both in state and at the Centre, has also raised his voice for a domicile policy. He also questioned the RJD's commitment to the domicile issue.

Last week, a large number of job aspirants held a demonstration in Patna, demanding the implementation of the domicile policy in government employment. The domicile reservation for women decision, just ahead of the state polls, is being seen as the Nitish Kumar-led government's attempt to consolidate its women vote bank. Over the last few years, women have emerged

as a key voting bloc in Bihar, logging higher turnouts than men. Anupriya Patel, the spokesperson for Kumar-led Janata Dal (United), hailed the cabinet decision as a "revolutionary step" toward women empowerment. "It is a historic decision that strengthens Nitish Kumar's vision of development with justice and empowers the daughters of Bihar," she added.

In another significant decision, the Bihar cabinet also announced the formation of the youth commission, which will focus on creating job opportunities for youngsters, enhancing skill development, and streamlining recruitment processes for government jobs, the additional chief secretary said.

Taking to social media, CM Nitish Kumar said the commission will ensure that the local youth are given priority in the private sector jobs.

"This commission will play a significant role in advising the government on all matters related to improving and uplifting the condition of youth in society. The commission will also coordinate with government departments to ensure better education and employment for the youth," the state's longest-serving CM said in a post in Hindi on X.

3 students killed in TN bus-train collision

Divya Chandrababu
letters@hindustantimes.com

CHENNAI: Three school students died and three others were injured after a passenger train hit a school van while it was crossing a railway level crossing in Cuddalore district of Tamil Nadu on Tuesday, police said. The gatekeeper posted at the level crossing has been suspended and arrested, Southern Railway officials said.

According to officials, the deceased have been identified as T Chezhian, a class 5 boy, his sister T Charumathy, a class 11 student, and V Nimalash, a class 6 boy. While Charumathy and Nimalash died on the spot, Chezhian succumbed to his injuries at Pudukcherry. Another student travelling in

The wreckage of the school bus that rammed into a passenger train in Cuddalore district of Tamil Nadu on Tuesday.

the school van, its driver, and a bystander, who rushed to help but got electrocuted after coming in contact with a live pole that was damaged in the accident, were injured.

Around 7.45 am, the school van carrying the students tried

to cross the railway level crossing between Cuddalore and Alappakkam, and was hit by Vilupuram-Mayiladuthurai passenger train, officials said.

While the Southern Railway said the level crossing was closed, the van driver and one of

the injured students claimed the gate was open. "According to the railway records, the gate keeper had closed the gate at 7.06 am," Trichy divisional manager of the railways, Anbalagan told reporters.

"The van driver insisted to allow the van to cross the gate to avoid delay in reaching the school, which was wrongly permitted by the gatekeeper, violating the rules and protocol," the Southern Railway said in a statement.

"The gatekeeper could not have opened the gate as per the rules. The gate keeper has been suspended and process has been initiated for his dismissal from service, and FIR has been lodged against him for this criminal negligence, and the gatekeeper has been arrested."

However, the van driver, C Shankar, said, "The gate was open. There was no sound of a train honking, so I crossed."

Meanwhile, BJP leaders said chief minister MK Stalin should explain why the underpass sanctioned a year back has not been approved. The ruling DMK did not respond to allegations of an underpass yet to be approved.

"Earlier during such an accident the railways themselves said that it was because the person appointed did not know the local language. A similar thing has happened now," TKS Elangovan, senior DMK leader told ANI. "In such important posts, people who know the local language should be appointed so it will save the people."

BIHAR SIR FORM FILINGS CLOSE TO HALFWAY MARK: EC

Vrinda Tulsian
letters@hindustantimes.com

NEW DELHI: The Election Commission of India (EC) on Tuesday said the Special Intensive Revision (SIR) of Bihar's electoral rolls is progressing, with 46.95% of the required Enumeration Forms collected within the first 14 days.

As of 6pm on Tuesday, 37,077,077 forms have been gathered from the state's total electorate of 78,969,844 (nearly 7.90 crore). The EC said that 8,278,617 forms were collected in the preceding 24 hours.

The EC indicated that, based on the current progress, the collection exercise could conclude before the deadline. Furthermore, 18.16% of the collected forms have been uploaded to the ECINET system.

The EC noted many electors are submitting their forms along with the required eligibility documents.

"Pure electoral rolls are inevitable for strengthening democracy," chief election commissioner, Gyanesh Kumar, told the media.

I accused in bizman murder case killed in gunfight, 2 held

Avinash Kumar
avinash.kumar@htlive.com

PATNA: The Bihar police on Tuesday claimed to have solved the murder case of industrialist Gopal Khemka, who was shot dead in a posh Patna locality last week, with the arrest of two accused and the recovery of the firearm used in the crime, blaming the killing on a land deal that went awry.

While the police arrested alleged shooter Umesh Yadav (52) and conspirator Ashok Sao (65), a third accused, Vikas alias Raja (20), who was suspected to have supplied the weapon used in the crime, was gunned down in a police encounter in Patna on Tuesday, an officer said. Director general of police (DGP) Vinay Kumar said the Special Task Force (STF) and Patna police tracked Yadav with the help of CCTV footage and nabbed him from his house by identifying his motorcycle.

"During interrogation, Yadav admitted that he shot Khemka after receiving a ₹4-lakh contract for killing the businessman from Ashok Sao. He got ₹50,000 in advance and the remaining ₹3.5

lakh was paid to him by Sao on JP Ganga Path at 8 am [July 5], nine hours after the murder," he said.

The firearm used to shoot at Khemka has been recovered from a hideout of the shooter, he said. Based on Yadav's statement, police recovered 56 cartridges of 7.62 mm and 9 mm pistol, two magazines and 14 bullets from his brother's room, as well as ₹3.65 lakh from his own room, he added. "Ashok Sao is said to be involved in property business, and prima facie it was a land deal that led him to hire the contract killer," the DGP said. Sao provided Umesh 9mm pistol, two magazines with 18 cartridges, Khemka's photo and his vehicle number, he added.

Khemka was shot dead near the gate of his house in the posh Gandhi Maidan locality around 11.40

pm on July 4. The incident came around seven years his son, Gunjan, was killed in Hajipur.

"We are probing as to whether there was any common thread between Khemka's killing and the attack on his two sons seven years ago."

Earlier in the day, Vikas, alias Raja, was killed in an encounter in the Malsalami area when the police team reached his house for questioning in the Khemka murder case. "Raja first opened fire on the police which the police retaliated around 4 am. The connection of Raja [in Khemka murder] is yet to be fully established, but the police had gone to question him for his dubious role, as he came across as a supplier of illegal weapons and he is suspected to have made available the weapon used in the murder at the behest of Umesh Yadav," Patna SSP Kartikey Sharma told reporters.

To be sure, while Sharma alleged that Raja was suspected to be the supplier of the firearm used in Khemka's murder, the DGP's press briefing indicated that it was conspirator Ashok Sao who provided the gun to shooter Yadav.

TWO SUSPECTS IN PB MAN'S MURDER KILLED IN GUNFIGHT

Gaurav Sagar Bhaskar
letters@hindustantimes.com

FEROZEPUR: Two suspects, believed to be involved in the broad daylight murder of an Abohar businessman, were killed in an encounter just hours after their arrest on Tuesday, when their accomplices opened fire at a police team that was taking the duo for weapon recovery, police said. Textile firm owner Sanjay Verma (54) was gunned down by three assailants outside his showroom on Monday, triggering a sharp reaction from the Opposition that targeted the Bhagwant Mann-led AAP government over "deteriorating law-and-order situation" in the state. The murder is being linked to the extortion threat Verma received days ago.

"A police team, led by Abohar DSP Sukhwinder Singh, took the accused to Peer Tibba for the recovery of evidence. However, their accomplices, who were already present at the location, opened fire at the police team. In the retaliatory action, both Ram Ratan and Jaspreet sustained gunshot injuries and later died," DIG Harmanbir Singh Gill said.

Reserve Bank of India
Department of Regulation New Delhi-110001

Directions under Section 35A read with Section 56 of the Banking Regulation Act, 1949 - Ramgarhia Co-operative Bank Limited, New Delhi - Extension of Period

The Reserve Bank of India issued Directions under Section 35A read with Section 56 of the Banking Regulation Act, 1949 to Ramgarhia Co-operative Bank Limited, New Delhi vide Directive No. DEL.DOS.EGX.SSM.No.S515/12-10-013/2022-2023 dated July 07, 2022 for a period of 06 months up to close of business on January 08, 2023, which was last extended vide Directive No. DOR.MON.D-01/12.28.115/2025-26 dated April 04, 2025. The Reserve Bank of India is satisfied that in the public interest, it is necessary to further extend the period of operation of the Directive beyond close of business on July 08, 2025.

2. Accordingly, the Reserve Bank of India, in the exercise of powers vested in it under sub-section (1) of Section 35A read with Section 56 of the Banking Regulation Act, 1949, hereby extends the Directive for a further period of 03 months from close of business on July 08, 2025 to close of business on October 08, 2025, subject to review.

3. Other terms and conditions of the Directive under reference, shall remain unchanged.

ANNEXURE-XXVIII
LAND LICENSE

FORM LC -V
(See Rule 12)
HARYANA GOVERNMENT
TOWN AND COUNTRY PLANNING DEPARTMENT

Licence No. 235 of 2023

This Licence has been granted under the Haryana Development and Regulation of Urban Areas Act, 1975 & the Rule 1976, made there under M/s 4S Developers Pvt. Ltd., 2nd Floor, Hub-66, Ansal Esencia, Sector-67, Gurugram-122002 for setting up of an Affordable Group Housing Colony over an area measuring 8.309 acre in revenue estate of village Dhunela, Sector 36, Sohna, Gurugram.

1. The particulars of the land, wherein the aforesaid Affordable Group Housing Colony is to be set up, are given in the schedule annexed hereto and duly signed by the Director, Town & Country Planning, Haryana.
2. The Licence is granted subject to the following conditions:-
 - a. That the Affordable Group Housing Colony will be laid out in confirmation to the approved layout/building plan and development works will be executed in accordance to the designs and specifications shown in the approved plans
 - b. That the conditions of the agreements already executed are duly fulfilled and the provisions of Haryana Development and Regulation of Urban Areas Act, 1975 and the Rules 1976 made there under are duly complied with.
 - c. That area coming under the sector roads and restricted belt / green belt, if any, which forms part of licensed area and in lieu of which benefit to the extent permissible as per policy towards FAR is being granted, shall be transferred free of cost to the Govt.
 - d. That you shall maintain and upkeep all roads, open spaces, public park and public health services for a period of five years from the date of issue of the completion certificate unless earlier relieved of this responsibility and thereupon to transfer all such roads, open spaces, public parks and public health services free of cost to the Govt. or the local authority, as the case may be, in accordance with the provisions of Section 3(3)(a)(iii) of the Haryana Development and Regulation of Urban Areas Act, 1975.
 - e. That you shall construct portion of service road, internal circulation roads, forming the part of site area at your own cost and shall transfer the land falling within alignment of same free of cost to the Govt. u/s 3(3) (a) (iii) of the Haryana Development and Regulation of Urban Areas Act, 1975.
 - f. That you shall be liable to pay the actual rates of External Development Charges as and when determined and demanded as per prescribed schedule by the DTCP Haryana.
